Topic for discussion: the future of the EJRA at Oxford

Congregation has never held a comprehensive discussion on the merits and implications of the EJRA, a matter that affects everyone in the University. The undersigned propose holding such a discussion at a meeting of Congregation on this topic of concern.

Resolution: EJRA

† Members of Congregation are reminded that any two members may, not later than noon on 8 May, give notice in writing to the Registrar that they intend to oppose or amend the resolution below (see the note on the conduct of business in Congregation below). If no such notice has been given, and unless Council has declared otherwise or the meeting has been adjourned, the resolution shall be carried and the meeting may be cancelled.

The following text has been received from the signatories to the resolution as listed below:

Text of Resolution

The EJRA in the University of Oxford should be abolished.

Explanation

The EJRA (Employer Justified Retirement Age) was introduced in 2011 without a comprehensive debate in Congregation on the merits or demerits of such a policy. The EJRA procedure was found to be unlawful at its first challenge in the University’s own Appeal Court under Dame Janet Smith in 2014. The University continued to operate the procedure with some revisions pending
a review of its effectiveness by a Review Working Group, RWG. The remit of the RWG was to determine "the extent to which the EJRA is meeting the Aims identified when the policy was established, and thus can be justified in law". The RWG published its report in Hilary Term 2017 and Council has accepted its recommendations to retain the EJRA with some minor adjustments.

This resolution calls for the abolition of the EJRA on the grounds that the policy is profoundly age-discriminatory and that the RWG Report is deeply flawed and gives no evidential support for its conclusions or recommendations. In particular the Report totally fails to determine "the extent to which the EJRA is meeting the Aims..." and so the policy cannot be justified in law.

The fatal flaws in the RWG Report arise from its total failure to provide any statistically significant analysis of the data and the failure to recognise quantitatively the extent of any possible effect of the EJRA on the aims. Firstly, since there is no valid statistical analysis of the data no conclusions can be legitimately drawn from any of the data presented. Indeed no statistical analysis is possible on the basis of the data presented since vital data is missing or unobtainable. Secondly, simple mathematics is sufficient to show that the claims made in the Report of a "substantial" impact of the EJRA are entirely false. It is easily shown that, using reasonable approximations and the data provided in the Report, the maximum effect of the EJRA on the rate of creating vacancies is statistically insignificant and so the policy can have only a minimal effect on any of the Aims of the EJRA. Thus the EJRA makes no significant difference to issues of diversity, inter-generational fairness or opportunities for younger academics.

The potential negative effects of abolition have been exaggerated. Only Oxford, Cambridge and St Andrews have an EJRA and there are no reports from any of the other UK universities of any adverse consequences of abolishing a mandatory retirement age.

The positive benefits of abolition of the EJRA include the following:

- Allows active and successful researchers, many at the height of their powers, to continue to benefit society and the University.
- Retains willing and experienced teachers to the benefit of students and potentially reducing the load on early career academics.
- Enables women to make up for loss of pension provision arising from career breaks associated with child-bearing and rearing.
- Keeps Oxford competitive in attracting and retaining world-leading researchers.
- Avoids stress on staff seeking extension beyond the EJRA by a selection process that many have found to be obstructive.
- Avoids processes, costly both to the individual and to the University, in the University Appeal Court and external Employment Tribunals.
- Avoids damage to relations between colleagues within departments.
- Removes potential for inconsistent treatment of holders of joint appointments by colleges and departments.

Consultative Notices

Call for nominations for Honorary Degrees to be conferred at the Encaenia in 2018, and for Degrees by Diploma

Honorary degrees are conferred annually at Encaenia. Degrees by diploma are conferred on heads of state and royalty. Members of Congregation are encouraged to nominate individuals on whom such degrees might be conferred.

The deadline for nominations to be considered for Encaenia 2018 is 5 May 2017.

The Honorary Degrees Committee is charged with considering nominations received, consulting Council and making recommendations to Congregation. It will consider new nominations alongside nominations received in the last three years.

When considering possible honorands, the committee will focus on individuals in the following categories:

1. those of high academic distinction in the fields of research and scholarship of specific interest to the University of Oxford
2. those distinguished in the visual, literary, musical and performing arts
3. those distinguished in business and industry
4. those who have played a distinguished role in public life, for example in contributing to progress and change in society
5. those who have made a significant contribution to the activities of the University of Oxford – such individuals would normally also fall into one of the categories above.

Within the categories above the committee will aim to produce a balanced list, which takes account of the global dimension that characterises this University’s activities.

It has adopted a target that half of the final list of names proposed to Congregation for the conferment of honorary degrees will be women and/or minorities. Members of Congregation are therefore encouraged to nominate individuals of conspicuous distinction with particular reference to diversity.

Honorary degrees will not be conferred on anyone who holds, or who has retired from, a resident teaching, research or administrative post within the University or in any college or other society, except in exceptional circumstances such as distinguished service outside the terms of his or her paid service. In these circumstances, a proposal for an honorary MA may be put forward.

Nominations for honorary degrees at the Encaenia in 2018 and for degrees by diploma should be submitted on the approved application form. Further information and copies of the form are available at www1.admin.ox.ac.uk/councilsec/governance/committees/hondegs (single sign-on required), or from the Secretary to the Honorary Degrees Committee (ellen.hudspith@admin.ox.ac.uk, (2)80092). The completed form should be returned to the Secretary by email by 5 May 2017, under ‘Strictly Confidential’ cover.

While informal soundings within the University will often be desirable, every effort should be made to ensure that publicity is not at any stage given to any specific proposal for the conferral of an honorary degree. All nominations will be considered in strict confidence by the committee. The committee will report to Council in September and October and a list of honorands will be put to Congregation in Hilary term 2018.

The names of people on whom degrees by diploma and honorary degrees have recently been conferred are published in the University Calendar and on the aforementioned website.

The honorands at Encaenia 2017 will be:

Bryan A Stevenson
Shirley Williams, Baroness Williams of Crosby
Professor Robert Darnton
Frank Gehry
Professor Eugene Braunwald
Professor Joan Argetsinger Steitz
Professor Judith Weir
