The following text has been received from the signatories to the resolution as listed below:

Text of Resolution

The EJRA in the University of Oxford should be abolished.
The EJRA (Employer Justified Retirement Age) was introduced in 2011 without a comprehensive debate in Congregation on the merits or demerits of such a policy. The EJRA procedure was found to be unlawful at its first challenge in the University’s own Appeal Court under Dame Janet Smith in 2014. The University continued to operate the procedure with some revisions pending a review of its effectiveness by a Review Working Group, RWG. The remit of the RWG was to determine “the extent to which the EJRA is meeting the Aims identified when the policy was established, and thus can be justified in law”. The RWG published its report in Hilary Term 2017 and Council has accepted its recommendations to retain the EJRA with some minor adjustments.

This resolution calls for the abolition of the EJRA on the grounds that the policy is profoundly age-discriminatory and that the RWG Report is deeply flawed and gives no evidential support for its conclusions or recommendations. In particular the Report totally fails to determine “the extent to which the EJRA is meeting the Aims...” and so the policy cannot be justified in law.

The fatal flaws in the RWG Report arise from its total failure to provide any statistically significant analysis of the data and the failure to recognise quantitatively the extent of any possible effect of the EJRA on the aims. Firstly, since there is no valid statistical analysis of the data no conclusions can be legitimately drawn from any of the data presented. Indeed no statistical analysis is possible on the basis of the data presented since vital data is missing or unobtainable. Secondly, simple mathematics is sufficient to show that the claims made in the Report of a “substantial” impact of the EJRA are entirely false. It is easily shown that, using reasonable approximations and the data provided in the Report, the maximum effect of the EJRA on the rate of creating vacancies is statistically insignificant and so the policy can have only a minimal effect on any of the Aims of the EJRA. Thus the EJRA makes no significant difference to issues of diversity, inter-generational fairness or opportunities for younger academics.

The potential negative effects of abolition have been exaggerated. Only Oxford, Cambridge and St Andrews have an EJRA and there are no reports from any of the other UK universities of any adverse consequences of abolishing a mandatory retirement age.

The positive benefits of abolition of the EJRA include the following:

- Eliminates age discrimination.
- Recognises the demographic changes in society, increases in active life-expectancy and reduces pressure on pension funds with an ageing population.
- Gives academic and academic-related staff the element of choice of when to retire as enshrined in the Equality Act (2010).
- Allows active and successful researchers, many at the height of their powers, to continue to benefit society and the University.
- Retains willing and experienced teachers to the benefit of students and potentially reducing the load on early career academics.
- Enables women to make up for loss of pension provision arising from career breaks associated with child-bearing and rearing.
- Keeps Oxford competitive in attracting and retaining world-leading researchers.
- Avoids stress on staff seeking extension beyond the EJRA by a selection process that many have found to be obstructive.
- Avoids processes, costly both to the individual and to the University, in the University Appeal Court and external Employment Tribunals.
- Avoids damage to relations between colleagues within departments.
- Removes potential for inconsistent treatment of holders of joint appointments by colleges and departments.

Call for nominations for Honorary Degrees to be conferred at the Encaenia in 2018, and for Degrees by Diploma

Honorary degrees are conferred annually at Encaenia. Degrees by diploma are conferred on heads of state and royalty. Members of Congregation are encouraged to nominate individuals on whom such degrees might be conferred.

The deadline for nominations to be considered for Encaenia 2018 is 5 May 2017.

The Honorary Degrees Committee is charged with considering nominations received, consulting Council and making recommendations to Congregation. It will consider new nominations alongside nominations received in the last three years. When considering possible honorands, the committee will focus on individuals in the following categories:

1. those of high academic distinction in the fields of research and scholarship of specific interest to the University of Oxford
2. those distinguished in the visual, literary, musical and performing arts
3. those distinguished in business and industry
4. those who have played a distinguished role in public life, for example in contributing to progress and change in society
5. those who have made a significant contribution to the activities of the University of Oxford—such individuals would normally also fall into one of the categories above.

Within the categories above the committee will aim to produce a balanced list, which takes account of the global dimension that characterises this University’s activities.

It has adopted a target that half of the final list of names proposed to Congregation for the conferment of honorary degrees will be women and/or minorities. Members of Congregation are therefore encouraged to nominate individuals of conspicuous distinction with particular reference to diversity.

Honorary degrees will not be conferred on anyone who holds, or who has retired from, a resident teaching, research or administrative post within the University or in any college or other society, except in exceptional circumstances such as distinguished service outside the terms of his or her paid service. In these circumstances, a proposal for an honorary MA may be put forward.

Nominations for honorary degrees at the Encaenia in 2018 and for degrees by diploma should be submitted on the approved application form. Further information and copies of the form are available at www1.admin.ox.ac.uk/councilsec/governance/committees/hondegs (single sign-on required), or from the Secretary to the Honorary Degrees Committee (ellen.hudspith@admin.ox.ac.uk, (2)80092). The completed form should be returned to the Secretary by email by 5 May 2017, under ‘Strictly Confidential’ cover.

While informal soundings within the University will often be desirable, every effort should be made to ensure that publicity is not at any stage given to any specific proposal for the conferral of an honorary degree. All nominations will be considered in strict confidence by the committee. The committee will report to Council in September and October and a list of honorands will be put to Congregation in Hilary term 2018.

The names of people on whom degrees by diploma and honorary degrees have recently been conferred are published in the University Calendar and on the aforementioned website.

The honorands at Encaenia 2017 will be:

Bryan A Stevenson
Shirley Williams, Baroness Williams of Crosby
Professor Robert Darnton
Frank Gehry
Professor Eugene Braunwald
Professor Joan Argetsinger Steitz
Professor Judith Weir

Note on procedures in Congregation

1. Business in Congregation is conducted in accordance with Congregation Regulations 2 of 2002 (www.admin.ox.ac.uk/statutes/regulations/529-122.shtml). A printout of these regulations, or of any statute or other regulations, is available from the Council Secretariat on request. A member of Congregation seeking advice on questions relating to its procedures, other than elections, should contact Mrs F Burchett at the University Offices, Wellington Square (telephone: (2)80199; email: felicity.burchett@admin.ox.ac.uk); questions relating to elections should be directed to the Elections Officer, Ms S. Harris Manchester

REVISED STATUTES

The Committee on Statutes before the Privy Council, acting under authority delegated to it by Council, is minded to give consent on behalf of the University to the revised statutes of Harris Manchester College, approved by the Governing Body on 13 January 2016, in so far as such consent is required by section 7(2) of the Universities of Oxford and Cambridge Act 1923. The consent of the committee to the amendments to the statutes will be effective 15 days after publication unless written notice of a resolution, signed by at least 20 members of Congregation, calling upon Council to withhold that consent, has been given to the Registrar by noon on 15 May.

The effects of the amendments are to tidy up the statutes and to give the college some additional flexibility, for example by amending Byelaws for making and amending Byelaws and electing the Principal, removing the retirement age of the Visitor and clarifying the duties of the role, aligning the retirement age with the University’s EJRA policy, expanding the definition of persons qualified to act as Tutor in Ministerial Training and providing for reappointment, adding a power to borrow, simplifying the appeals process in respect of the expulsion of students.

Statute Approved by her Majesty in Council

The Vice-Chancellor has received a communication from the Clerk of Her Majesty’s Privy Council, stating that on 12 April 2017 Her Majesty was pleased to approve amendments to the Schedule to the Statutes, concerning the Prendergast Fund and the EK Chambers Studentship, printed in Gazette No 5142, 22 September 2016, pp3–4, and approved by Congregation on 11 October 2016 (see Gazette No 5145, 13 October 2016, p72).

Annual Report of the Clubs Committee 2015–16

1. The Clubs Committee was chaired, as in previous years, by the Assessor (Dr Patricia Daley until 16 March 2016 and Dr Luke Pitcher thenceforth) with a membership of both staff and student representatives. We continued to provide a range of support for student clubs and societies registered with the Proctors.

2. Our activities were funded from two sources in the usual way: an allocation from PRAC (£7.1k) and a net share (£10.4k) of the proceeds of the per-capita levy paid by all colleges to support both sports and non-sports clubs at University level.

3. We continued to operate a Clubs Office, within the Proctors’ Office, staffed by a part-time Clubs Officer. The major part of her work was to advise on and assist with registration procedures (including checking financial information submitted). During the year, around 260 clubs and societies registered and re-registered with the Proctors (80 of these were designated as Sports Clubs and dealt with their registration through the Sports Department, while the remaining non-sports clubs and publications dealt with the Clubs Office itself). A total of 31 new non-sports clubs were added to the register during the year.

4. Registered clubs continued to have access to the Driver Assessment and Vehicle Hire Scheme, administered by the Sports Department. This important scheme enables students to drive good-quality hired vehicles safely, insured by the University, when taking part in bona fide club activities such as travelling to sports fixtures or events outside Oxford. In total, clubs made 1,042 hires under the schemes. Driver assessments, both new and refresher, were carried out on 37 days with a pass rate of 91.82% for the 159 drivers assessed. The number of active drivers on the scheme’s database is 834 drivers (as we track all car drivers as well as MPV and minibus drivers).

5. We provided financial support to clubs in the form of grants and interest-free loans. During the year, we considered 25 applications from non-sports clubs and publications and supported 13 of them, including 5 new clubs: Oxford Chinese Life Scientists Society, Oxford English Society, Oxford Opera Society, Iranian Society and the Oxford Aeronautical Society, which received start-up awards ranging from £180 to £200. The remaining awards were £180 to the Oxford University Bulgarian Society for speakers’ expenses, £182.99 to the Oxford University Travel Society towards administrative costs, £660 to the Oxford University Speculative Fiction Group for new books for their library, £69 to the Oxford University French Society for a collapsible banner, £200 to Hong Kong Public Affairs and Social Services Society towards the cost of a Model Legislative Council and various other events, £730 to the Oxford University Australia and New Zealand Society towards costs for their ANZAC Day Commemorative Service, £650 to the Oxford University Polish Society towards the costs of various events including speaker events and forums and £200 to the Oxford University Brass Band towards the costs of a summer concert tour abroad.

6. As always, we were greatly enhanced by the involvement of our student members, who participated fulsomely in our business. We are convinced that student clubs contribute hugely to the University’s sporting, social, cultural and charitable activities and are pleased to be able to help to promote and support these.

UK Brain Bank for Autism and Related Developmental Research, JR
The developing brain is altered in autism but neuroscientists do not know how or why. Research is needed to understand the causes and biological basis of autism, to develop better interventions to improve the lives of those directly affected by it. Such critical research is hindered by the scarcity of donated human brain tissue. Control tissue, donated by people who do not have autism, is needed for comparison just as much as donations by people who do - and the NHS organ donor scheme does not include brain donations. We particularly want younger people to consider making a pledge to donate their brain after death (the further the brain is from its inception, the more difficult it is to understand the process of its development, so we do not take donations from people over 65 not directly affected by autism). See www.brainbankforautism.org.uk for information and to register as a donor.
