

Table 1: Student numbers summary, as of 1st December 2006

Numbers of students, grouped by gender, for each programme of study for undergraduates and postgraduate taught and by division for postgraduate research. Visiting student numbers are also shown, broken down by status of student. Number of new starters for each programme is reported. For the purpose of this table, new starters are defined as students with a programme attempt start date between 2nd December 2005 and 1st December 2006. Totals are included to provide summary information.
