Student News - Undergraduate

Student News is emailed to you fortnightly during term and contains key information, including deadlines, reminders and events from the central University. Further information is available on the Oxford Students website.

Trashing: What A Waste

We understand that you want to celebrate after your final exams, but please consider the social, environmental and personal impacts of trashing. *Trashing: What A Waste* is a new campaign highlighting how much food, resource and money is wasted during celebration periods.
Remember, trashing is against the University's Code of Conduct. It can lead to disciplinary action and a £300 fine. For more information visit ox.ac.uk/WhataWaste.

Staying safe on May Morning

If you're planning to attend the May Morning event, please be aware that a new crowd management system will see one-way channels created on Magdalen Bridge. You won't be allowed to stop in the channels, and stewards and signs will be in place to direct you to areas where you can stop and view the event. The High Street and Longwall Street will also be closed to traffic (including bicycles) for a period of time. For more information, visit the Oxford City Council website.

Help us improve the Oxford Students website

We want to develop the Oxford Students website but to do this, we need your help. Please answer this short survey to let us know how you use the site and what you like and dislike about it. Your views will help us improve the way we share content, so the website is easier to use for everyone

The #OxTalent2018 closing date has been extended

Have you used technology in an exciting way? Have you created a great app, or designed an eye-catching conference poster? The University’s annual OxTALENT competition celebrates and rewards the innovative use of digital technologies to enhance teaching, learning, research, and
outreach. The closing date for the competition has been extended to Friday 4 May and you can submit an entry yourself or nominate a colleague who has impressed you with their use of technology. For more information, including a list of competition categories and guidelines on how to enter, please visit the Digital Education at Oxford website.

Artificial Intelligence Impact Weekend on fake news

If you want to win a trip to Silicon Valley, learn more about A.I. and get some new skills, sign up for the Oxford Foundry’s weekend of exciting A.I. events. Students will form teams during the events, to come up with A.I solutions regarding tackling fake news. The winners will receive a team trip to Silicon Valley and two runner up teams will walk away with £500 cash per team. The events are open to current students and will run all weekend from Friday 4 May. Find out more on the Foundry’s website.
