OXFORD IS...
EVENTS FOR YOU

So you can be sure whether Oxford might be the right university for you, we run thousands of events every year for students thinking of applying: both in Oxford and near you.

We particularly welcome students who are academically able and intellectually curious, and who don’t know anyone who has been to Oxford, or whose parents haven’t been to university.

2020 UNIVERSITY OPEN DAYS
1 and 2 July and 18 September

COME TO OXFORD
If you are able to visit, Oxford has a lot on offer whether you are taking part in one of our events or visiting independently.

– Why not visit us for an open day? We hold University-wide open days three times a year and some of our departments hold additional open days too.

– Are you in Year 11 at a UK state school? You should consider applying for UNIQ. This is a totally free academic residential programme you can attend in Year 12. Applications normally open the previous December and close in January. www.uniq.ox.ac.uk

– Shadow an Oxford student for the day to find out what studying here is really like! studentshadowing@oxfordsu.ox.ac.uk

– Encourage your teachers to find out more about our Pathways programme for the opportunity to attend study days and more, for non-selective UK state schools. www.pathways.ox.ac.uk

2020 DEPARTMENT-SPECIFIC OPEN DAYS

Classics – 20 March
Geography – 15 June
Law – 16, 17 and 18 March
Materials Science – 18 and 19 February, 31 March
Mathematics – 25 April and 2 May
Modern Languages – 2 May
Oriental Studies – 2 May

In 2018/19, we ran over 2,500 OUTREACH EVENTS

It was by far the best university experience I have had which I went back to tell all my teachers and peers about. I was quite worried about not being what Oxford wanted but the lovely ambassadors assured me that I had the qualities and grades to apply, they really helped me to believe in myself.

NEAR YOU

If you can’t visit us, then we will try and come to you.

– Every school and college in the UK has an allocated Oxford college, or group of colleges as a first point of contact, who will be working closely with schools and communities in your area. Find your link college at ox.ac.uk/linkcolls or go to ox.ac.uk/oxford-uk if you are from the North East or North West.
– We attend higher education fairs across the UK, offering you the chance to talk face-to-face with a university representative. Find your nearest event: ox.ac.uk/outreachevents
– Meet tutors, current students and admissions staff at the Oxford and Cambridge Student Conferences in March 2020. Register at: www.oxfordandcambridgeoutreach.co.uk
– OxNet works with hub and link schools to deliver academically intensive courses, study days and summer schools in the heart of local communities.
www.oxnet.org
– We work with Target Oxbridge to support black African and Caribbean students and students of mixed race with black African and Caribbean heritage to increase their chances of getting into the Universities of Oxford or Cambridge.

ANYWHERE IN THE WORLD

Wherever you are, we welcome your interest in Oxford and hope you will participate in our events, online or face to face.

– Find out if we are visiting near you: ox.ac.uk/intvisit
– If we can’t come to your school in person, we are happy to offer a virtual visit. Email international.recruitment@admin.ox.ac.uk
– Get advice from Oxford and Cambridge on our collaborative website: www.oxfordandcambridgeoutreach.co.uk

‘Since the conference’ I have been bubbling with enthusiasm and the SLT at my school are so delighted with the ideas I have had to support our students and those of the wider community.

ALWAYS AVAILABLE ONLINE

Wherever you are, you can visit Oxplore and tickle your brain cells with our Big Questions. These questions explore complex ideas across a wide range of subjects and encourage lateral thinking. In this way, they reflect the kind of thinking students undertake at Oxford.

**PLEASE READ CAREFULLY**

The University will seek to deliver each course in accordance with the descriptions set out in the relevant course webpages at the time of application and the corresponding Course Information Sheet sent to applicants with their offer of a place. The course webpages can be accessed at ox.ac.uk/courses. However, there may be situations in which it is desirable or necessary for the University to make changes in course provision, either before or after enrolment.

The University will not make very substantial changes to courses (for example, a change to the course title, significant restructuring, substantial change in course content, or the introduction of a progression hurdle) which would impact on students who have already begun their course. In exceptional circumstances it may be necessary for the University to make such a change after acceptance of a place by an offer-holder. This will not happen less than 3 months before enrolment. The offer-holder will be notified of the change (as compared with the description in their Course Information Sheet) and offered the opportunity to withdraw from the course.

Other changes could be made to course content, delivery and teaching provision because of developments in the relevant subject, enhancements in teaching or assessment practice, requirements of external accreditation processes, changes in staffing, resource constraints or changes in the availability of facilities. Such changes will take account of the reasonable expectations of prospective and current students.

Offer-holders will be notified of any material change (as compared to the description in their Course Information Sheet) and offered the opportunity to withdraw from the course.

On-course students will be consulted about any proposed material course change (except changes which are solely for their benefit) which would affect the part of the course which they have already started studying. The provision of course options which depend on the availability of specialist teaching, or on placement at another institution, cannot be guaranteed in advance.
