

University of Oxford Tuition Fee Rates

New Graduate Research Students 2010/11

These are the tuition fee rates for the academic year 2010/11. Tuition fees do not include college fees, accommodation, or other course and maintenance fees.

The rates listed are for one academic year, 2010/11. You should expect to pay tuition fees for every year you are in attendance until you reach your maximum liability. Fee rates are split into three residency categories: Home/EU, Islands* and Overseas. The rates for Social Sciences programmes are presented in two separate tables depending on progression route to graduate research study.
