

University of Oxford Tuition Fee Rates

Postgraduate Taught Students 2011/12

These are the tuition fee rates for the academic year 2011/12. Tuition fees do not include college fees, accommodation, or other course and maintenance fees. Use the filters to choose your entry year to the programme and to compare fees within a Division or within a department or faculty.

The rates listed are for one academic year, 2011/12. You should expect to pay tuition fees for every year you are in attendance and be aware these fees will increase annually. University tuition fees for programmes of study starting in the academic year October 2011-June 2012 will not be affected by the UK Government's proposals to allow universities to increase the tuition fees they charge to Home(UK) and EU undergraduates, even where fees are marked as approximate. Fee rates are split into year of entry and within these, three residency categories: Home/EU, [Islands](#) and Overseas. For further information about your classification please see the [fee status](#) page. Undergraduate programmes with a compulsory or optional year abroad are marked with * in the programme name. The rates for the year abroad are available on the [year abroad fee page](#). Fees given as 'N/A' indicate that the programme is (was) not offered in the selected start year or that there is no special fee for that category of student; it does not mean that the fee for the programme is £0.

If you have previously studied at undergraduate or graduate level (e.g. you are returning to study a second Bachelor's degree) you may be liable to pay the higher ELQ fee given in the fee lists. For further information about these rates please see the [ELQ \(Equivalent and lower qualification\)](#) page.

Fees for Home/EU undergraduates for October 2012 entry will be published as soon as the rates have been confirmed and after the Government has approved all the necessary changes to undergraduate fee regulations. This is expected to be by summer 2011. Fees for overseas undergraduates for October 2012 entry, and for Home/EU and overseas students entering graduate programmes in October 2012, will be published in September 2011.

For further information on any of the above please see: www.ox.ac.uk/feesandfunding
