Non-matriculated Visiting Student Fee Rates

2009/10

These are the tuition fee rates for non-matriculated visiting students beginning their programme of study (course) in academic year 2009/10.

The rates listed are for one academic year; as a visiting student you should expect to pay one third of this fee for each term you are in attendance. If you are studying in multiple subject areas with differing fee rates you will need to contact your college to confirm at which rate you will be expected to pay. These apply to all students studying at both Undergraduate and Postgraduate level, and to all students regardless of fee status (e.g. Home, Overseas etc).

Tuition fees do not include college fees, accommodation, or other course and maintenance fees. Please check with your college for further information about any college fees which you may be liable for as these may differ from the published college fee rates, which apply to matriculated students.
