ACCESSING INSPERA

Do you have an internet connection?

You must have access to the internet to take an exam in Inspera.

Do you have access to Inspera?

Prior to taking your exam, check you have access to Inspera, by visiting <https://oxford.inspera.com/> and logging in with your Single Sign-On (SSO) username and password.

Is your browser supported?

Inspira can be accessed by using the following browsers:

- Microsoft Edge
- Google Chrome
- Mozilla Firefox
- Apple Safari

Inspira is tested on Windows, macOS and Chromebooks and supports the two most recent releases of each of the four browsers listed above. Safari is supported on macOS only.

Make sure your browser is up to date. This will ensure you have access to the latest updates. If your browser is not supported contact your department course team.

Multi-factor Authentication (MFA)

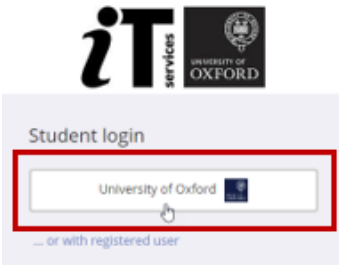

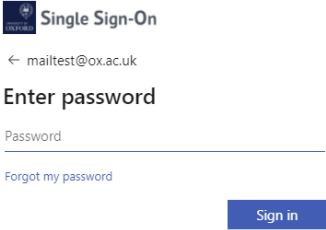

You will log into Inspera with your Oxford Single Sign-on (SSO). Across the University, Oxford Single Sign-on (SSO) users have to complete Multi-factor Authentication (MFA). This means you will be asked to verify your account using a second factor, such as a code from an app on your phone, text message, or a phone call.

More information can be found on the [MFA page on the IT Help website](#). There are also guides to setting up verification methods on the [MFA: Help and Guidance](#) page.

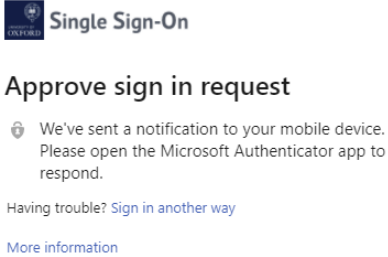

If you encounter any of issues with MFA and the [advised fixes](#) don't resolve the issue, please contact the local IT Support in your department in the first instance. If they cannot resolve the issue, then you should contact the IT Service Desk at 01865 (6)12345.

Logging into Inspera

Please follow the step-by-step instructions below to login to Inspera

Use the following URL to login to Inspera	https://oxford.inspera.com/
At the login screen click University of Oxford	
You will be diverted to the Single Sign-On (SSO) page. Click on your account.	
The Oxford Single Sign-On password page appears. Enter your Single Sign-On password and click Sign in .	

Multi-Factor Authentication (MFA) means that you will be prompted to authenticate using your chosen authentication method such as landline, SMS, authenticator app or another phone.

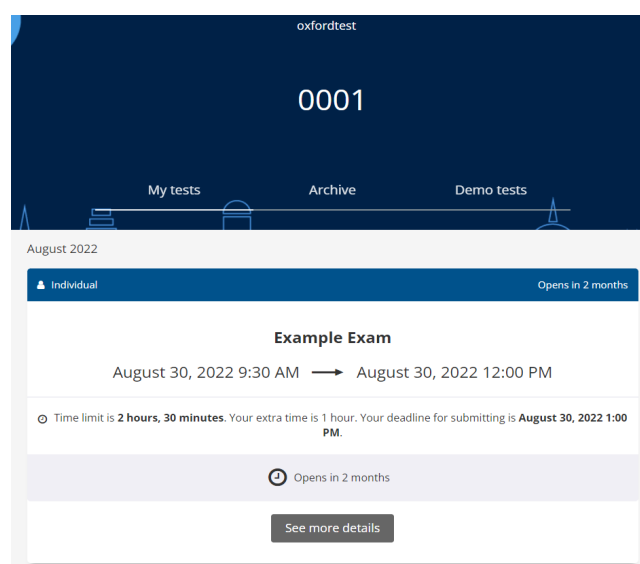

An example of approving a sign in request via the MS Authenticator app is shown. The message will be different depending on which method has been used as an authentication method.	
--	--

Once you have signed in you will then be diverted to the Inspera Dashboard page.

USING INSPERA

Your Dashboard

Once you have logged in using your Single Sign-on (SSO) you will see the Inspera dashboard.

From the dashboard you can see:

My tests

Any tests you are enrolled on that are currently open.

Note that both online exams and coursework submissions are referred to as 'tests' within Inspera.

Archive

Any tests that are no longer open.

Demo tests

All the demo tests available to University of Oxford students.

Demo tests can be opened an unlimited amount of times. Content typed or uploaded to a demo test is not saved.

Your Exam

Click **My tests** from the dashboard and find the relevant exam.

NB: Exams will be shown in 'My tests' when they have been activated. There are various reasons why an exam sat in a month's time (for example) might be activated before an exam sat in a fortnight's time. Please only contact the Online Exams Support Desk if an exam is not showing a couple of days before it is due to take place.

The exam name, date, and the time during which the exam is available to be completed, along with the time limit, are shown.

N.B. Dates, times, and duration shown in the image below are for illustration purposes only.

Example Exam

August 30, 2022 9:30 AM → August 30, 2022 12:00 PM

⊙ Time limit is **2 hours, 30 minutes** Your extra time is 1 hour. Your deadline for submitting is **August 30, 2022 1:00 PM**.

[Click here to get ready](#)

The exam start time (30th August at 9:30 AM in this example) is shown in **your local time**, as set on your computer. If your computer is not set to your local time zone, the time/date will be set according to whichever time zone your computer is using.

You must start your exam according to the start time policy for your time zone, or according to any approved exam adjustments for a different start time.

The start time policy is detailed at the [Online Exams page](#).

This is your exam window	August 30, 2022 9:30 AM → August 30, 2022 12:00 PM
This is the exam duration (standard writing time plus technical time if relevant. In this example the technical time will be 30 minutes)	⌚ Time limit is 2 hours, 30 minutes.
This is the approved extra time The candidate in this example will have a total of 3.5 hours to complete the exam.	Your extra time is 1 hour.

START YOUR EXAM

Select Click here to get ready to proceed	Click here to get ready
<p>The exam details will be displayed once again, including the Honour Code Pledge.</p> <p>By sitting the exam after viewing this pledge, you are agreeing to abide by it. You will also see a green tick if your browser is supported.</p>	
To begin your exam, click Start test	Start test

Your Exam Questions

As with an in-person exam, the content and layout of exams will vary.

Before an exam, you (and candidates enrolled on your exam) will be given a **practice exam** which will prepare you for how your exam will look. This will appear under 'My Tests'.

Until this is available, you may wish to view the demo called '**Centrally-Run Exams: Answering Questions in Inspera**'. This shows the different ways in which examiners structure exams. It can be found in the 'Demo tests' tab.

1 Based on your mode of completion, type and/or upload below.

Format **B** *I* U ~~x~~ ^{x²} _x [Link](#) Help

Words: 0

The filename must be your paper number (and question number if relevant) e.g. A15947W1_1.pdf

The following file types are allowed: **.pdf** Maximum file size is **1 GB**

Select file to upload

<p>The arrows enable you to navigate to the Next or Previous question</p>	
<p>You may flag any question by clicking on this icon</p>	
<p>Flagged questions will be clearly marked on the question tab, allowing you to easily navigate to them.</p>	
<p>In the example below, the question tabs (1 - 17) reflect the number of questions in the exam paper. For example, the highlighted tab number 1 is used to respond to Question 1; likewise, tab number 2 is used for Question 2, and so on.</p> <p>Select a question tab to jump to that question/ response box.</p>  <p>Some exams may instruct you to type or upload your answers to a single question tab.</p> <p> Do not open the numbered response boxes in separate browser tabs.</p>	
<p>If a question has been answered, a blue line will be displayed above the specific question box.</p> 	

Resources

Any resources attached to your test (and displayed at the bottom of the test window) will open in a separate tab in your browser when selected.

We suggest opening each of these resources (where available) as soon as you start an exam. Keep these resources open, so they remain available if you lose Internet connectivity.

If you need to view a resource side-by-side with the Inspera test window:

Opening resources in Microsoft Windows

1. The resource will open in a separate tab. Press and hold this tab and then drag this tab up or down. The resource will then be visible in its own browser window.
2. Select the browser window and click the Windows Logo Key + Left/Right Arrow to snap the window to the side of the screen where you want it to be.

[Click here to get more details from Microsoft](#)

Opening resources in MacOS

1. The resource will open in a separate tab. Press and hold the relevant tab and then drag this tab up or down. The resource will then be visible in its own browser window.
2. Hover over the green button in the top-left of the window.

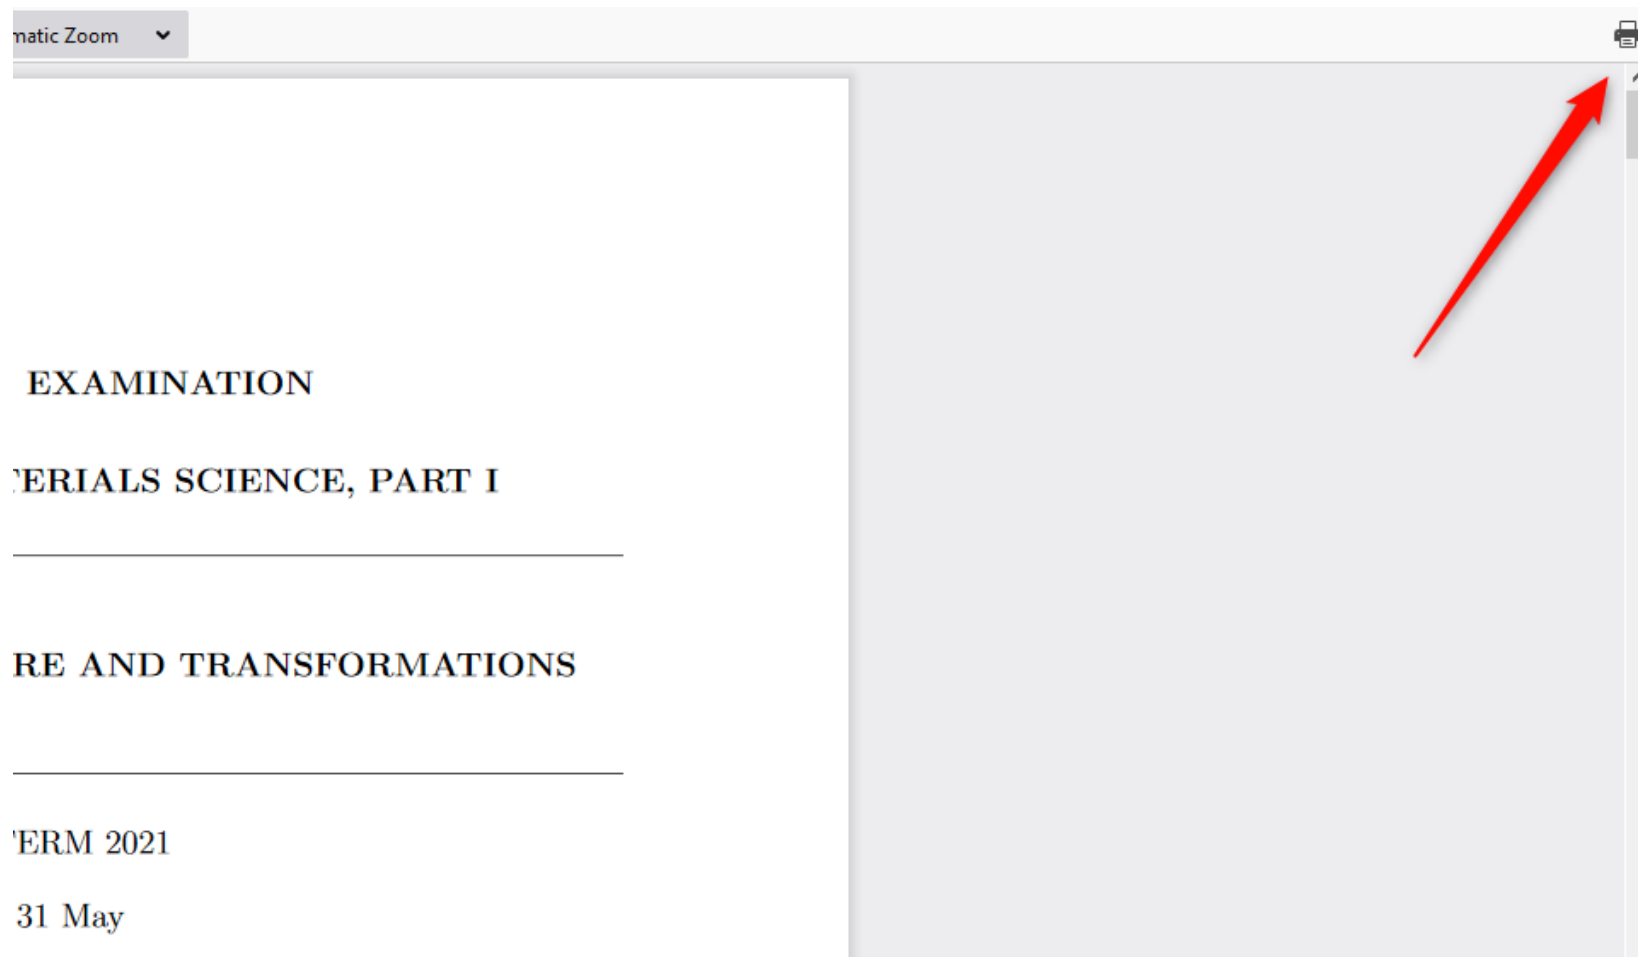

3. Choose where you want the app window to go.

[Click here for more details from Apple](#)

Printing a Resource

When viewing a resource in Inspera, you can print it by clicking the print icon in the top right-hand corner of the screen.

The screenshot shows a web browser window with a document viewer. The browser's address bar shows "matic Zoom" with a dropdown arrow. The document content is displayed in a white box on the left, and a large grey area on the right represents the document's background. A red arrow points to a small print icon in the top right corner of the document viewer area.

EXAMINATION

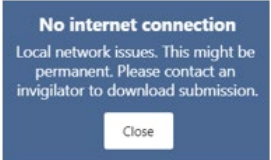

MATERIALS SCIENCE, PART I

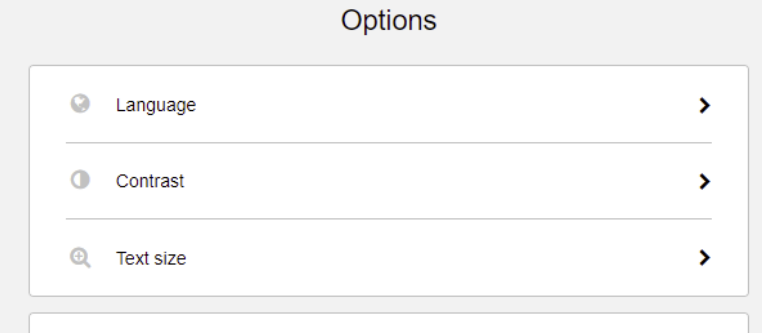

RE AND TRANSFORMATIONS

TERM 2021

31 May

Navigating the Inspera Test Window

<p>In the top left you will have the following information displayed:</p> <ul style="list-style-type: none"> Your candidate ID Time remaining for your exam – this includes any extra time and/or technical time you may have been given. 	<p>0005 2 hours, 57 minutes remaining</p>
<p>This indicator confirms whether you are online and connected to the internet</p>	
<p>If you lose your internet connection this message will be displayed</p>	<p>Trying to restore connection </p>
<p>If your internet connection does not restore itself, or you cannot reconnect successfully a message will be shown.</p>	
<p>On the Inspera dashboard it will also display a message confirming there is no internet connectivity.</p>	<p>No internet connection </p>
<p>You can view any messages you have received from the invigilator by selecting the bell icon.</p>	

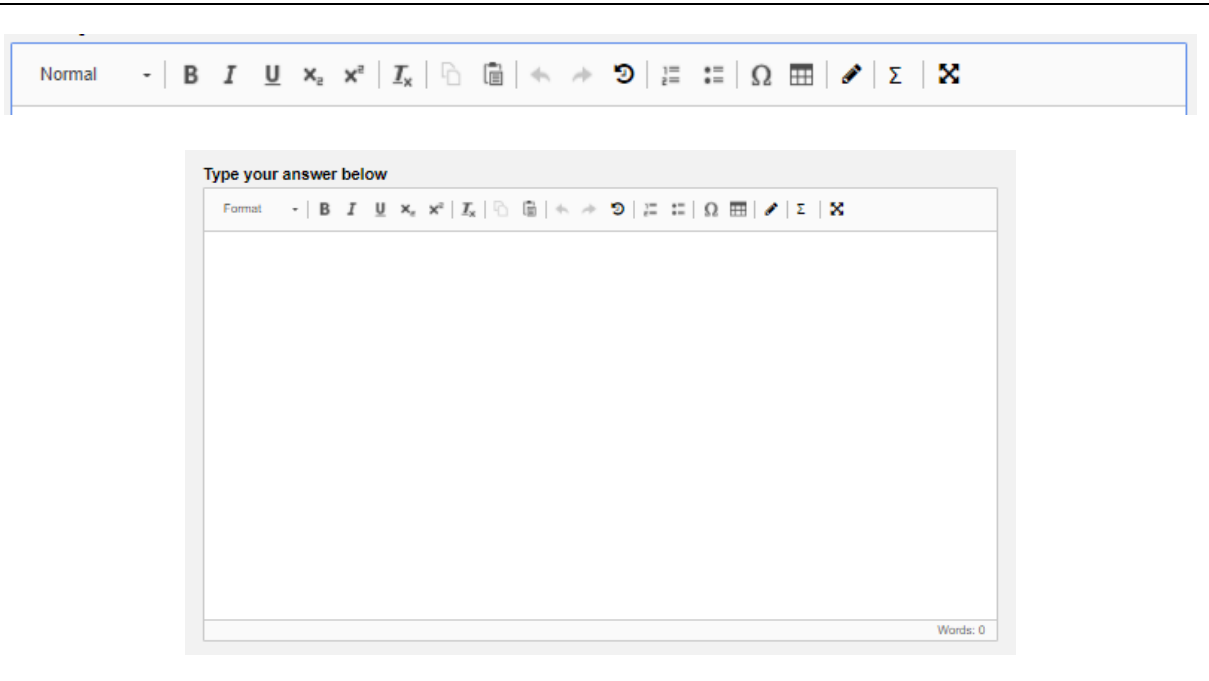

Additional options menu	
<p>The additional options are listed.</p> <p>Click the X button in the top right to return to the Dashboard.</p>	

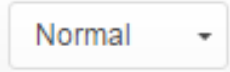

YOUR EXAM RESPONSE(S)

Typing an Exam Response

In the typed response box, you can type your answer and the tool bar provides several formatting tools that allow you to modify your text and content.

A **word count** is also available in the bottom right-hand corner.

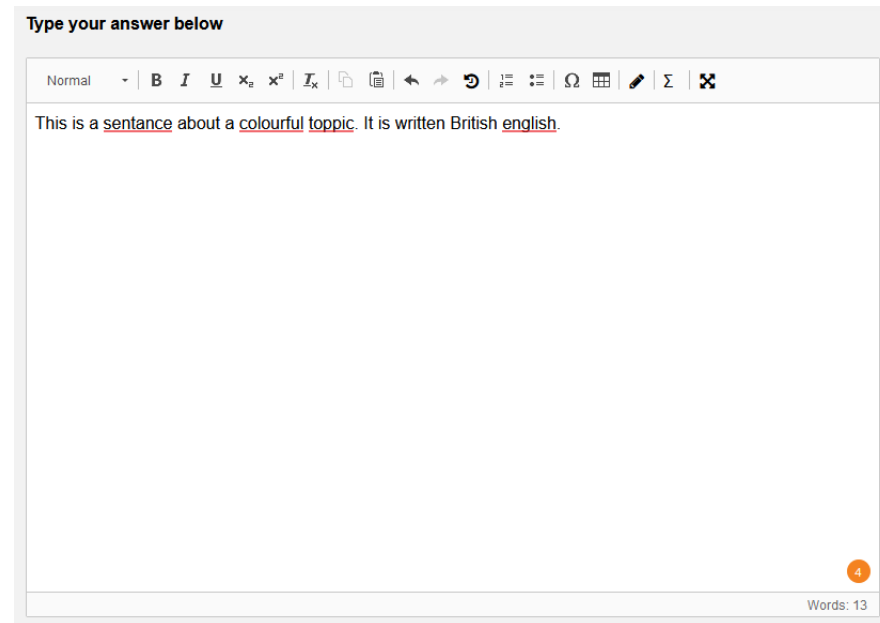

Formatting Paragraphs	
Bold, Italic, Underline, Subscript, Superscript and Remove format	
Copy, paste, Undo, Redo	
Insert/Remove Numbered List, Insert/Remove Bulleted List	
Insert Special Character, Table, Insert Drawing	
Edit Formula	
<p>Expand the typed response box</p> <p>Note: this will make the typed response box take up the available screen space and will hide the navigation to other question tabs.</p> <p>To exit this view, click on the button again.</p>	

Spell check in Inspira

The majority of exams will have spell checker turned on.

There will be an orange icon at the bottom right of the textbox indicating the number of errors found. Red underlines will highlight these in the text.

Can I turn off the spell checker?

You may find the inline highlighting distracting. To turn it off you should hover over the orange icon in the bottom right, which then shows three extra icons.

Clicking left icon will disable spell checker for that text area. This will default back to enabled when you move to another question, and if you return to this question.

How can I configure the language?

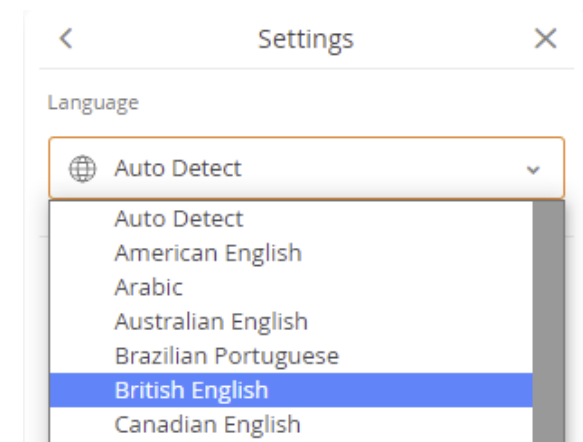

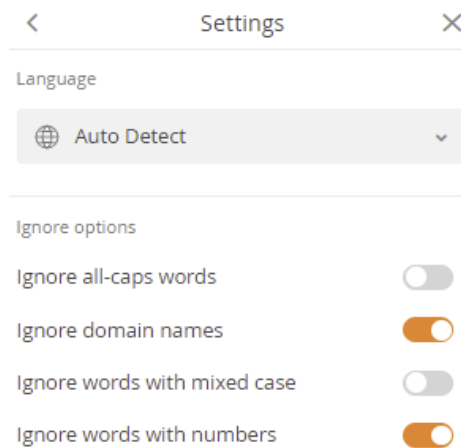

The spell checker defaults to 'Auto Detect'. When English is typed, it will automatically spell check using British English spellings.

Clicking the cog icon will open a settings window, where the spell checker can be configured.

You should then use the dropdown, which is set to Auto Detect.

Then select the language you want the spell check to use for this question.

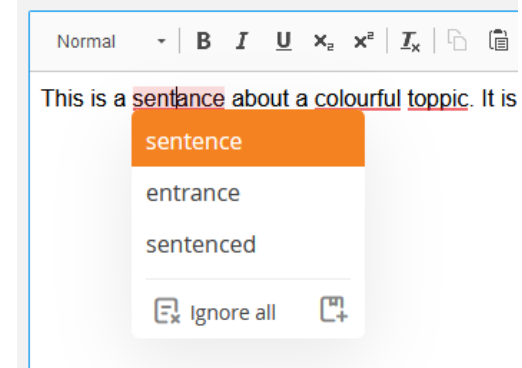

Using the spell checker?

There are two ways to correct spelling mistakes highlighted by the spell checker in Inspira.

Inline

When a word is underlined as a spelling error, and you click on it, corrections will be suggested.

You should click on the suggestion to accept the correct one or click **'Ignore all'** if you disagree that the word is incorrect.

Pop out

You can alternatively use the pop-out spell check.

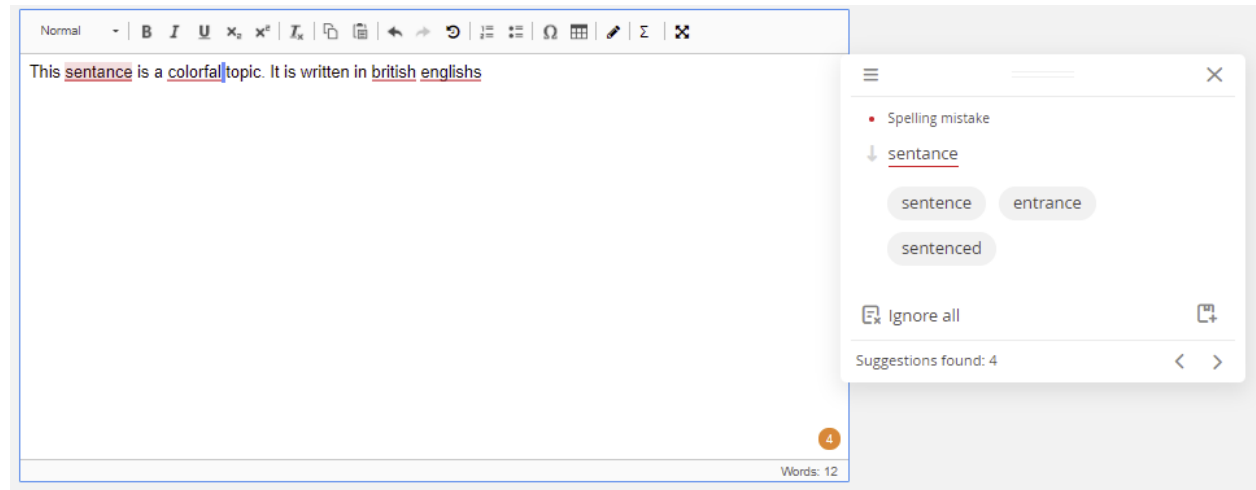

This is accessed by hovering over the orange icon in the bottom right corner and selecting the expanding arrows icon.

As with the inline checking, you can click on the correct spelling suggestion to accept it.

Clicking '**ignore all**' stops the spell check making suggestions.

Clicking the forward and back arrows skips through to the next spelling mistake.

Will the spell checker correct my grammar?

No, this functionality will correct spelling only.

Uploading an Exam Response

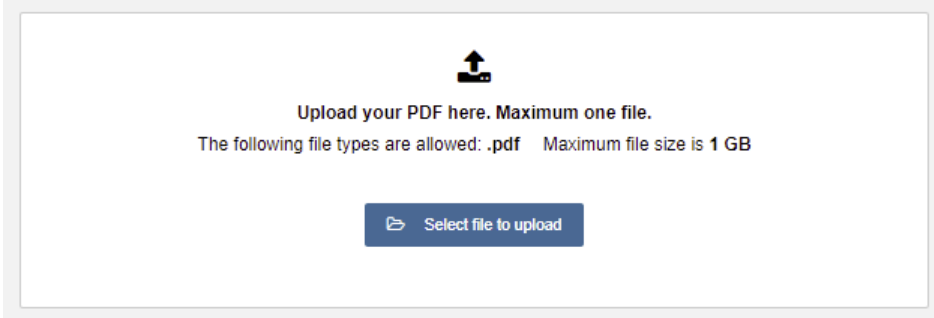

Instructions on how to scan and save handwritten responses to a PDF are covered in [Appendix 1: "Using Microsoft Office Lens"](#).

This mode of response should only be used if:

- Your exam paper requires an uploaded element to your response.
- You have been granted dispensation through the existing exam adjustments process e.g. to handwrite on the basis of disability, or a medical condition.

You will need to save your exam response as a PDF, using the a filename which makes sense to you and can be easily referred back to, such as **Paper Number _ Question number**. Do not include your Student Number, or Name, in the filename, or anywhere in your response. Your candidate number is on the top left of the screen, and your paper number should be on the top left of the exam paper.

Instructions on how to upload a PDF to Inspera are covered below.

<p>Where part of the submission requires a PDF to be uploaded, click Select file to upload.</p> <p>Select and upload the PDF file from your computer.</p> <p>Please note the file size cannot exceed 1GB.</p> <p>While it is sometimes possible to copy an image from your browser and paste it into the text area, the recommendation is to always upload any images as a PDF attachment.</p>	
---	--

You will see a confirmation that your file was successfully uploaded and saved to your submission. The document can be removed or replaced using the buttons.

The uploaded PDF can be reviewed by clicking the **'Download'** button

The file name, file type, file size, the time it was uploaded, and the status of the document are also shown.

File name:	Paper Number_ Question Number.pdf
File type:	application/pdf
File size:	66.15 KB
Time uploaded:	26.03.2021 09:25
Status:	Saved

CHECK YOUR EXAM RESPONSE(S)

It is important to leave enough time before the end of the exam to check your exam responses, so you are confident you are submitting the correct content.

Once the timer has expired, you will **not** be able to edit or upload any responses in Inspira.

Click on the 'tick' icon in the bottom right of the screen to go to the submission tab.

The submission tab provides an opportunity to review the number of questions answered and the number of questions not attempted.

Question	Question type
1	Essay
2	Essay
3	Essay
4	Essay
5	Essay
6	Essay

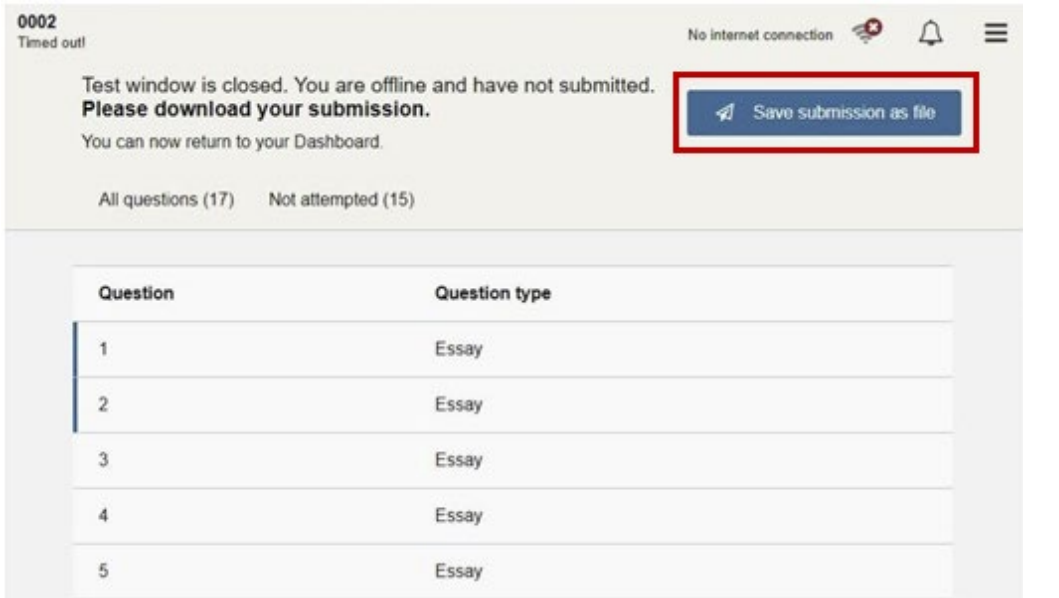

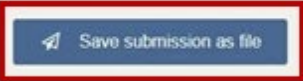

For **typed responses**, we recommend that you proofread your answer, use the spell checker, and confirm that the response is displayed as you would expect. For **uploaded content**, click the 'Download' button to check that you have uploaded the correct document. You can use the 'Replace' button if you need to replace it with a different one.

SUBMIT YOUR EXAM RESPONSE(S)

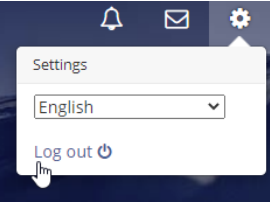

When you are ready to submit your exam, or the exam timer has expired, click Submit now .	Ready to submit? You have attempted all questions in this test.	
Note: You will not receive an email confirming that you have submitted your exam.		

If you have lost internet connectivity

 **Please Note:** If you lose internet connectivity, and you are still offline when the exam ends, **please do not close your browser**, but immediately save your submission as a file.

<p>The option to save your submission only appears if you lose internet connectivity.</p> <p>To save your exam response, click Save submission as file (the saved file from Inspira will be a .ia file).</p> <p>You will then need to contact the Online Exams Support Desk and send this file to them, alongside any PDFs you were unable to upload, so they can upload it into Inspira on your behalf.</p> <p>Details of how to contact the support team can be found on the Online Exams webpage.</p>	 <p>0002 Timed out</p> <p>No internet connection   </p> <p>Test window is closed. You are offline and have not submitted. Please download your submission. You can now return to your Dashboard.</p> <p></p> <p>All questions (17) Not attempted (15)</p> <table border="1"><thead><tr><th>Question</th><th>Question type</th></tr></thead><tbody><tr><td>1</td><td>Essay</td></tr><tr><td>2</td><td>Essay</td></tr><tr><td>3</td><td>Essay</td></tr><tr><td>4</td><td>Essay</td></tr><tr><td>5</td><td>Essay</td></tr></tbody></table>	Question	Question type	1	Essay	2	Essay	3	Essay	4	Essay	5	Essay

Logging out

<p>Click the back-arrow to return to your Inspera dashboard.</p>	
<p>To Logout, click Settings and select Logout.</p>	

APPENDIX 1: HOW TO SCAN AND SAVE HANDWRITTEN RESPONSES IN A PDF

Using Microsoft Office Lens

We recommend downloading and using the latest version of Microsoft Lens for Android or Microsoft Lens for iOS on your mobile device.

Android

1. Open the Microsoft Office Lens app on your device

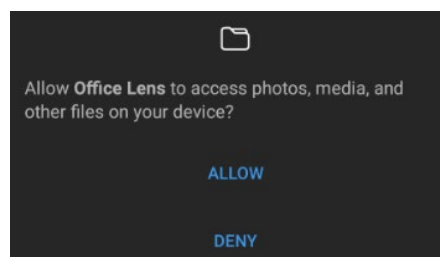

Please note: If you are opening the Lens app for the first time you may receive the prompts in steps

2. Click **ALLOW** to allow MS Lens to take pictures

3. Click **ALLOW** to allow MS Lens access to photos, media and other files on your device.

4. Click **START SCANNING**

5. Complete the below steps:

- a. Click **Next** on the Microsoft Privacy screen
- b. Accept or Decline to send optional data to Microsoft
- c. Click **Close** on the Powering your experiences screen

 <p>Microsoft respects your privacy</p> <p>When you entrust your data to Office, you remain the owner of that data.</p> <p>We collect required diagnostic data to keep Office secure, up to date and performing as expected on the devices it's installed on. This relates to the basic functioning of Office and doesn't include your name, file content or information about apps unrelated to Office.</p> <p>We've updated the privacy settings for Word, Excel, PowerPoint, Office Mobile and OneNote to let you know what data we collect and how we use it. Let's take a look.</p> <p>Learn More</p> <p>NEXT</p>	 <p>Getting better together</p> <p>We'd like you to share optional diagnostic and usage data about Word, Excel, PowerPoint, Office Mobile and OneNote. It's how we continue to improve. None of this data includes your name, file contents, or information about apps unrelated to Office.</p> <p>Do you want optional data about your Office experience sent to Microsoft?</p> <p>Learn More</p> <p>DONT SEND OPTIONAL DATA</p> <p>ACCEPT AND SEND OPTIONAL DATA</p>	 <p>Powering your experiences</p> <p>Word, Excel, PowerPoint, Office Mobile and OneNote include experiences that connect to online services – for example, downloadable templates from Office.com, and OneDrive file storage for sharing files with people you choose. When you use these experiences, Office collects diagnostic service data. In addition, some of these services analyse your content to deliver suggestions and recommendations.</p> <p>To adjust these privacy settings, navigate to "Privacy and permissions" from your app settings.</p> <p>Learn More</p> <p>CLOSE</p>
---	--	---

6. Once the app is open you can choose a capture mode. By default, this is normally set to Document.

If set to something else such as picture, swipe left or right and set to the **Document** mode

7. Click the **capture icon** to take a picture of the document you wish to upload.

8. If you are not happy with the image, click the back button on your device or click **Cancel**

Then retake the picture

9. Once the picture is taken you can edit/crop it accordingly

10. When you are happy with the picture, click **Confirm**

11. To take another picture click **Add**

It is recommended you take pictures of your handwritten exam paper in the correct order

12. When you are happy with the picture, click **Confirm**

Note: MS Lens has a restriction where only a maximum of 30 images can be included in one PDF document. Please go to the '**Additional guidance if you need to scan more than 30 pages in your exam response section**'.

13. To review the pictures taken click the camera roll icon, which also displays the number of pictures already taken.

The image and image number will be displayed. Swipe right or left to view the images.

14. Once you have reviewed your pictures, click **Done**

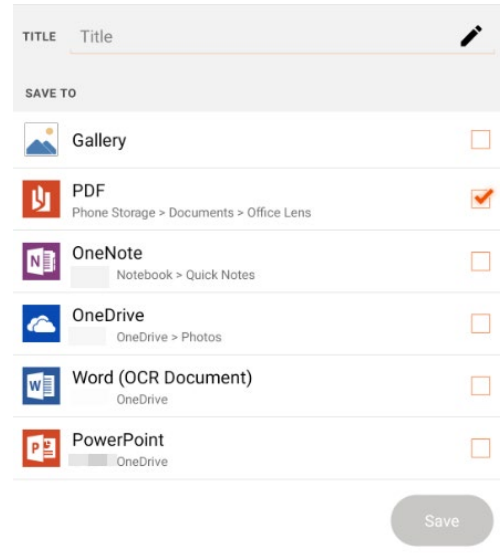

15. Click the pencil icon to edit the existing filename.

Add a filename for your PDF in the correct format, which is **Paper Number_Question Number**.

16. Click PDF (if not already selected)

If more than 30 images need to be uploaded, click Gallery and follow the instructions in the:

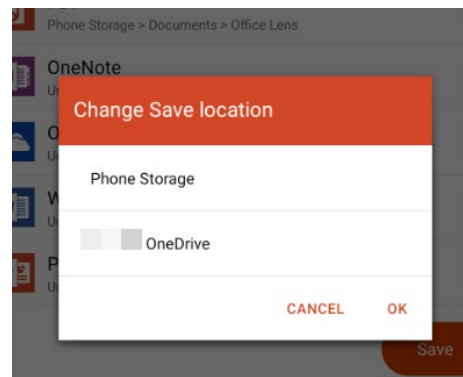

[‘Additional guidance if you need to scan more than 30 pages in your exam response’](#) section

17. If prompted click **Phone Storage**

This prompt appears if you are signed into a Microsoft OneDrive app on your device.

18. Click **OK**

19. Click **Save**

20. Your saved document(s) will now be displayed in my files.

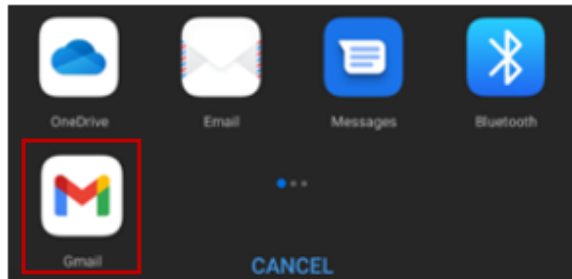

21. To email the PDF document, click the 3 dots menu

22. Click **Share**

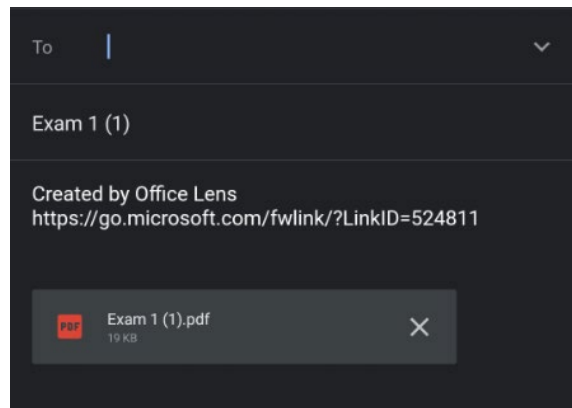

23. Select an existing email app on your device e.g. **Gmail**

24. A new email will be open. Your selected document should be attached within your email.

25. Email this to yourself so it can be accessed from same computer/device which you are taking your exam on.

26. Once the email is received, download and save the PDF attachment so you can upload it to Inspira.

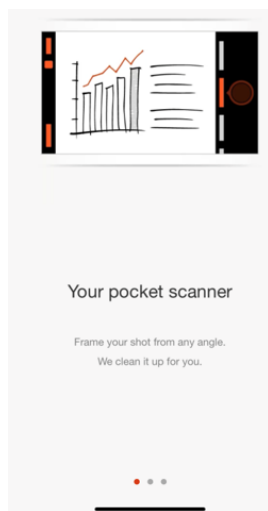

Apple iOS

1. Open the Microsoft Office Lens app on your device

Please note: If you are opening the Lens app for the first time you may receive the prompts in steps

2. Swipe left or right to progress through the 'Your pocket scanner screens'

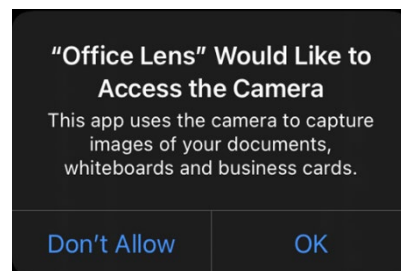

3. Click **Allow Access** to allow MS Lens to take pictures

4. Complete the below steps:
 - a. Click **Next** on the Microsoft Privacy screen
 - b. **Accept** or **Decline** on the Getting better together screen
 - c. Click **OK** on the Powering your experiences screen

 <p style="text-align: center;">Microsoft respects your privacy</p> <p>When you entrust your data to Office, you remain the owner of that data.</p> <p>We collect required diagnostic data to keep your apps secure, up-to-date and performing as expected on the devices it's installed on. This relates to the basic functioning of these apps and doesn't include your name, file content, or information about apps unrelated to Office.</p> <p>We've updated the privacy settings for Word, Excel, PowerPoint, OneNote, Visio, and the Office mobile app to let you know what data we collect and how we use it. ---	--	---

5. Click **OK** to allow Office Lens access to the Camera

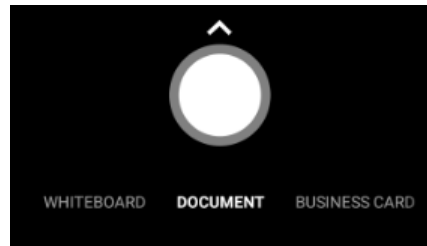

6. Click **Allow Access to All Photos**

7. Once the app is open you can choose a capture mode. By default, this is normally set to Document.

If set to something else such as picture, swipe left or right and set to the **Document** mode

8. Click the **capture icon** to take a picture of the document you wish to upload.

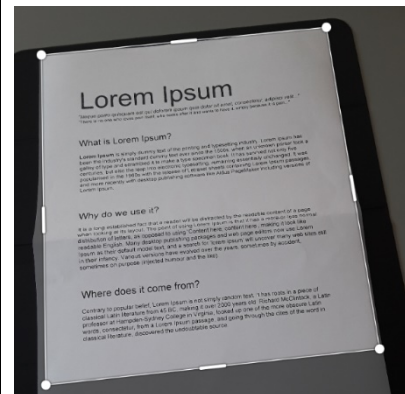

9. If you are not happy with the image, click the back button your device or click **Cancel**

Then retake the picture

10. Once the picture is taken you can edit/crop it accordingly

11. When you are happy with the picture, click **Confirm**

12. To take another picture click **Add**

It is recommended you take pictures of your handwritten exam paper in the correct order

13. When you are happy with the picture, click **Confirm**

14. To review the pictures taken click the camera roll icon, which also displays the number of pictures already taken.

The image and image number will be displayed. Swipe right or left to view the images.

15. Once you have reviewed your pictures, click **Done**

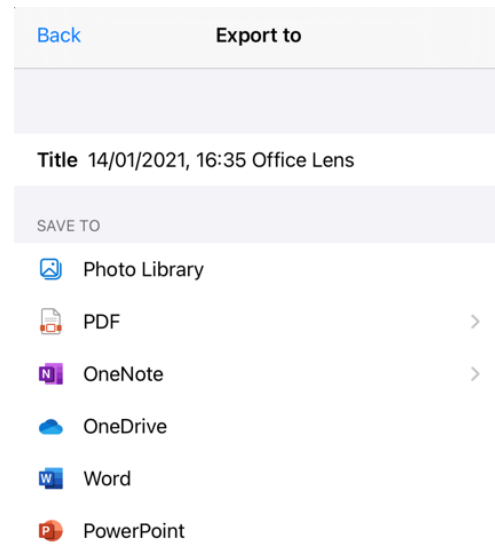

16. Click the title field and remove the existing title.

Add a filename for your PDF in the correct format, which is **Paper Number_Question Number**.

17. Then click **PDF**

If more than 30 images need to be uploaded, click Photo Library and follow the instructions in the:

[‘Additional guidance if you need to scan more than 30 pages in your exam response’](#) section.

18. Click **Phone Storage**

19. Your saved document(s) will now be displayed in My Files.

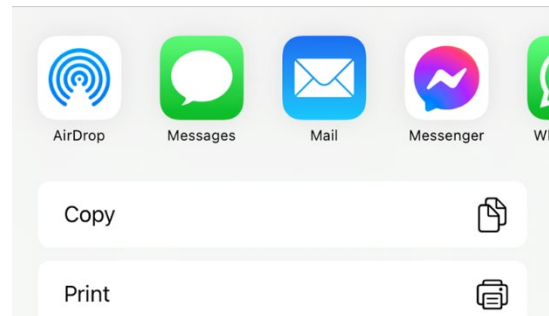

20. To email the PDF document, click on the file you want to email.

21. Then click Upload/Share

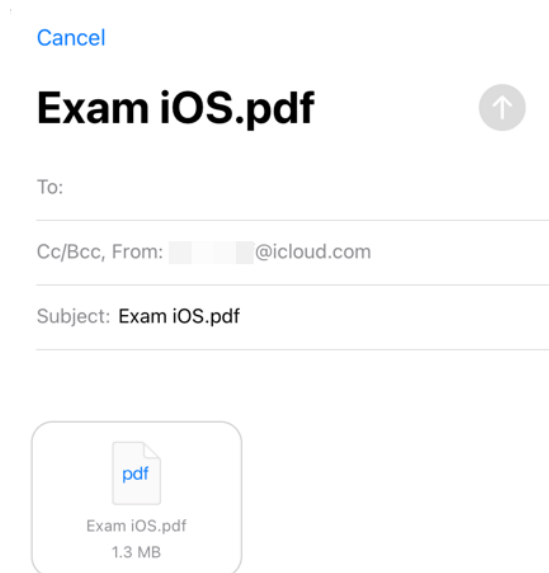

22. Select an existing email app on your device e.g. **Mail**

23. A new email will be open

Your selected document will be attached within your email as PDF.

24. Email this to yourself so it can be accessed from same computer/device which you are taking your Inspira exam on.

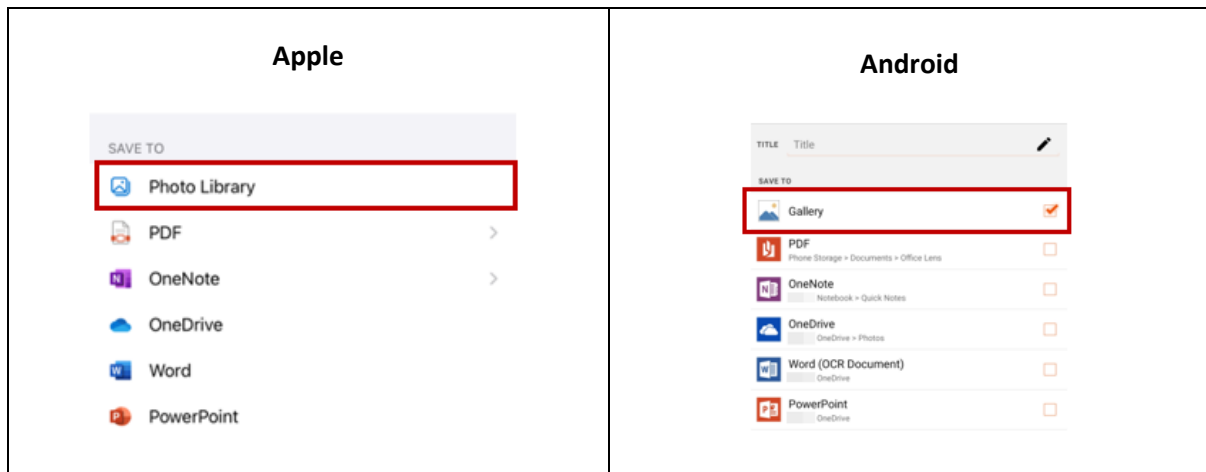

25. Once the email is received, download and save the PDF attachment so you can upload it to Inspira.

Additional Guidance

If you need to scan more than 30 pages in your exam response.

MS Lens has a restriction where only a maximum of 30 images can be included in one document. If you need to scan more than 30 pages of your work, please save your first 30 images to the Gallery or Photo Library.

Repeat the capture process for additional images (i.e. 31-60) and save them to your Photo Library or Gallery.

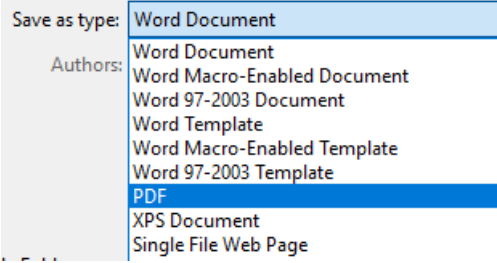

Once you have saved your captured images of each page of your work to the Gallery or Photo Library on your device you should email the images to yourself.

Open your email and save the images somewhere securely where you can access them. Ideally this will be from the device you will use to upload your exam response into Inspera.

As you can only upload a single document to Inspera for your exam response, your images will need to be saved into a Microsoft Word document to upload.

Locate and select the images on your computer, and insert these into the word document, in the correct order. While it is sometimes possible to copy an image from your browser and paste it into the text area, the recommendation is to always upload any images as a PDF attachment.

<p>Now save your Word document as a PDF</p> <ul style="list-style-type: none">• Click File• Click Save As• Choose where you want to save your document• Add a filename Make sure the file name is in the correct format.• From Save as type, click and the drop-down menu and select PDF	
<p>Click Save</p> <p>Then follow the steps in the following section to upload your PDF file into Inspira.</p>	

REPORTING TECHNICAL ISSUES

See the 'Get help' section on the [student webpage for online exams](#).

OTHER HELP AND GUIDANCE

Further information and guidance on how to use Microsoft Office Lens can be found for [Android](#) and [Apple](#) devices. Adobe Scan can also be used as an alternative to Lens and guidance is available on the [Adobe](#) website.

Further information on the policies governing online exams at Oxford can be found on the [student webpage for online exams](#).
