## Department for Continuing Education for 2009/10

---

There are two charging structures for these programmes of study (courses):

**Modular** - Students on these programmes of study pay a fee for each module they attend in addition to an annual programme fee.

**Annual** - Students on these programmes of study pay a fee for every year they are in attendance. Note that certain Masters courses are only available by progression from other Oxford University courses. Students on these programmes of study are required to complete a postgraduate certificate and/or diploma before they can progress to the Masters qualification. An estimate of the fee cost for the entire period of study leading to the Masters degree is given.

Tuition fees do not include college fees, accommodation, or other course and living expenses unless otherwise indicated in the notes fields. Please check with your college office for full details on any college fees you are due to pay.

**Research** - Continuing Education DPhil programmes.

**Note:** All courses listed are part-time unless otherwise stated.

## Modular

For all modular courses, the annual programme fee includes the college fee.

<b>Programme title</b>	MSc Bioinformatics		
<b>Module fee</b>	£1,475		
<b>Programme fee</b>	Home/EU: £1,570	Overseas: £2,560
