

The Peer Support Programme

Training Term Card for Peer Support Training

Please find when institutional members train and who their Designated Link Persons (DLPs) are whom you can contact if you are interested in doing the training. Trainer names are in brackets.

Please note, Peer Support Training requires selection through application and is usually part of a training round due to the number of institutional members and the benefit of creating a training group. Training places are funded by institutional members and must be supported by the institutional member. Your supervisor or tutor will need to give permission and you should feel emotionally and academically resilient enough to do the training as well as being able to commit to the training in its entirety as well as attending supervisions and meeting DLPs in your paying institutional member. Trained Peer Supporters might read and give feedback on your application.
