FOR UK YEAR 12 STUDENTS

UNIQ summer schools – July/August

UNIQ summer schools are free, week-long intensive academic programmes run by current tutors at Oxford. Participants live in an Oxford college and take part in a variety of social activities. Applications are welcome from students currently in their first year of A-levels (or equivalent) at UK state schools and colleges, particularly from schools and areas with little or no history of sending students to Oxford. The UNIQ application deadline is in February. **www.uniq.ox.ac.uk**

Shadow an Oxford student

Each year, over 200 Year 12 students come to Oxford to shadow a current undergraduate through OUSU's Target Schools scheme. The aim is to debunk the various myths about studying at Oxford, and to increase representation from students whose schools don't have much history of coming to study here. Find out if you're eligible: email studentshadowing@ousu.ox.ac.uk or visit **targetschools.ousu.org**.

In 2014/15, at over **3,000** outreach events, we opened doors to **230,000+** people

FOR SCHOOLS

Pathways

The Oxford Pathways Programme provides information, advice and guidance on higher education and Oxford for targeted UK non-selective state schools. It runs free events in Oxford from Year 10 Taster Days to a Year 13 Application Information Day. Schools can check eligibility by emailing pathways@admin.ox.ac.uk or visiting **www.pathways.ox.ac.uk**.

WIDENING ACCESS AND PARTICIPATION

Oxford works with parents, teachers and state school students aged 11–18 (Years 6–13), both locally and nationally, to help them understand what they could gain from further or higher education, and what type of study might suit them best. From one-hour workshops to residential events, we offer an exciting range of opportunities for a variety of ages and target groups. Get in touch: wap@admin.ox.ac.uk or **ox.ac.uk/wap**.

FOR TEACHERS

We recognise the key role that teachers, careers advisors and counsellors play in students' decision-making. Oxford offers a variety of events to support teachers in their work, like conferences and study weeks. Find the list, and sign up for email updates, at **ox.ac.uk/teachers**.

Each year, Oxford undergraduates are asked to make nominations for an **Inspirational Teachers Award**. This could be for someone who inspired them to apply to Oxford, fostered their passion for a particular subject or supported them through the application process.

Each February we offer a two-day residential conference for international guidance counsellors which provides an insight into all aspects of life at Oxford as well as our admissions process. **ox.ac.uk/igcc**

We met with **2,000+** teachers and advisers in 2015

...as a teacher she fostered and nurtured this talent and gift within me ...a gift that I believed did not exist.

SCHOOL AND COLLEGE VISITS

Oxford runs a range of events for potential applicants. Travelling throughout the UK and beyond, we meet with students, teachers, parents and carers. We welcome the chance to deliver presentations and workshops, and talk with interested students about all aspects of applying to, and studying at, Oxford. Where possible, we encourage schools to coordinate with other local schools because this enables us to work with more students over the year and, we believe, enriches students' interaction. For more details and to arrange a visit, please get in touch: **teachers@admin.ox.ac.uk**.

UK

Each local authority in the UK is linked with a particular Oxford college. This means that every school and college has a first point of contact within the University.

These regional links are part of our commitment to engage with schools and colleges, and do not have any bearing on the admissions process.

To find your college link or arrange a visit please see **ox.ac.uk/linkcolls**.

International

We hold events for prospective applicants, their parents and careers counsellors in a number of countries around the world, with presentations tailored to different audiences. If we can't come to your school in person, we will be happy to deliver a Skype presentation to students.

For information on events in your country, please email internationalrecruitment@admin.ox.ac.uk or see **ox.ac.uk/intvisit**.

Almost **9,000** students and teachers attended the Oxford and Cambridge Student Conferences in 2015

CONFERENCES AND CONVENTIONS

For schools

Oxford University attends **higher education fairs and conventions** across the UK. These are an opportunity to speak to an Oxford representative face to face, to find out more about our undergraduate courses and get advice on the application process. **ox.ac.uk/hefairs**

Oxford and Cambridge Student Conferences are another way to find out more about Oxford without travelling far from home. They take place in March each year, with detailed sessions on the admissions process, student life, interviews, student finance and the many different courses at Oxford and Cambridge. Admissions tutors, admissions office staff and current undergraduates are there to answer questions about applying to Oxford or Cambridge. **studentconferences.org.uk**

For teachers

We offer a series of **Regional Teachers' Conferences** across the UK to equip teachers with the best possible advice for their students on applying to Oxford, and to break down any misconceptions that might deter students from applying. The conferences cover all aspects of the admissions process: from identifying candidates to writing references and preparing candidates for admissions tests and interviews. The conferences visit different regions across the UK on a biennial basis. For details and to sign up to our **teachers' e-newsletter**, please visit **ox.ac.uk/teachers**.

Study Higher is a partnership of Buckinghamshire New University, Oxford Brookes University, the University of Oxford and the University of Reading along with six further education colleges. As a partnership, Study Higher is committed to providing informative and inspiring educational events and activities for pre-16 students based in Milton Keynes, Oxfordshire, Buckinghamshire and Berkshire. **www.studyhigher.ac.uk**

Oxford University is participating in the HEFCE **National Networks for Collaborative Outreach (NNCO) scheme** at both a local and national level. This scheme brings together Oxford's Regional Links Scheme and Cambridge's Area Links Scheme through collaborative events and a joint outreach website, including a series of webinars around the admissions process. The aim is to offer more schools opportunities to find out about studying at Oxford or Cambridge. **www.oxfordandcambridgeoutreach.co.uk**

PLEASE READ CAREFULLY

The University will seek to deliver each course in accordance with the descriptions set out in the relevant course webpage at the time of application and the corresponding Course Information Sheet sent to applicants with their offer of a place. The course web-pages can be accessed at ox.ac.uk/courses.

However, there may be situations in which it is desirable or necessary for the University to make changes in course provision, either before or after enrolment.

The University will not make very substantial changes to courses (for example, a change to the course title, significant restructuring, substantial change in course content, or the introduction of a progression hurdle) which would impact on students who have already begun their course. In exceptional circumstances it may be necessary for the University to make such a change after acceptance of a place by an offer-holder. This will not happen less than 3 months before enrolment. The offer-holder will be notified of the change (as compared to the description in their Course Information Sheet) and offered the opportunity to withdraw from the course.

Other changes could be made to course content, delivery and teaching provision because of developments in the relevant subject, enhancements in teaching or assessment practice, requirements of external accreditation processes, changes in staffing, resource constraints or changes in the availability of facilities. Such changes will take account of the reasonable expectations of prospective and current students.

Offer-holders will be notified of any material change (as compared to the description in their Course Information Sheet) and offered the opportunity to withdraw from the course.

On-course students will be consulted about any proposed material course change (except changes which are solely for their benefit) which would affect the part of the course which they have already started studying.

The provision of course options which depend on the availability of specialist teaching, or on placement at another institution, cannot be guaranteed in advance.
