

## Brexit update

The United Kingdom is due to leave the European Union on Friday 31 January. An 'implementation period' has been agreed until Thursday 31 December 2020, during which the UK will temporarily retain the benefits and obligations of membership, including the free movement of people. You should therefore continue with your studies and travel plans as usual. EU students are also encouraged to apply for the [EU Settlement Scheme](#). Negotiations will take place during the implementation period, on the future relationship between the EU and the UK. The University is working to prepare for all eventualities, and to ensure the University remains a thriving, cosmopolitan community of scholars and students in the future. For more information, go to the dedicated [Oxford and the EU page](#) on the Oxford Students website.

## Are you in your final year? Have your say on your experience at Oxford to date

If you are a final year undergraduate student you will have received an email on Thursday 23 January from Ipsos MORI inviting you to take part in the National Student Survey (NSS). The survey gives you the chance to get your voice heard - in recent years, the NSS and other surveys have led to improvements across the University. It is your opportunity to give your feedback so the University can act on it appropriately. It will also help prospective students to select the right course and university for them. Your responses will be anonymous and treated confidentially. You will need your student number, as shown on your University card next to your photo, to log in to the survey. Help us shape Oxford for future generations.

## Exam Wellbeing - new resources for all students

Navigating exams can be difficult, but the University is committed to supporting you through the process. A new [Exam Wellbeing hub](#) has been created to help when you have exams ahead. It offers a range of practical advice – giving you a chance to take charge of your revision; prepare and practice for exams; manage anxiety; and think about your physical care. The resources are now live on the [Exam Wellbeing page](#) on the Oxford Students website. This advice has been developed in conjunction with the Counselling Service in line with [Wellbeing at Oxford](#) - the University's campaign focused on student mental health and wellbeing.

### Research highlight: New hope for tiger population in Thai forest

Just 221 Indochinese tigers remain in Thailand and Myanmar. They are all but extinct elsewhere in the world. New research by the Department of Zoology's Wildlife Conservation Research Unit ([WildCru](#)) shows that Thailand's Dong Phrayayen-Khao Yai Forest Complex is supporting a critically important breeding population of tigers. Evidence of tiger cubs in the area provides rare hope for these endangered animals.
