30 minutes

SECTION 3

Writing Task

INSTRUCTIONS TO CANDIDATES

Please read this page carefully, but do not open the question paper until you are told that you may do so.

This paper is Section 3 of 3. A separate answer sheet is provided for this section. Please check you have one. You must complete the answer sheet in **black pen**.

Please complete the answer sheet with your:

- Name
- BMAT candidate number
- Centre number
- Initials

This question paper contains a choice of three tasks, of which you must complete only **one**. There is space on the question paper for preliminary notes. **Your answer must be written in English on the answer sheet provided.** No additional answer sheets may be used. **Candidates with permission to use a word processor must not exceed 550 words.**

The tasks each provide an opportunity for you to show how well you can select, develop and organise ideas and communicate them effectively in writing.

Before you begin writing, take time to think carefully about what you need to say and the ways in which the organisation and layout of your response might help convey your message. Diagrams may be used if they enhance communication.

Take care to show how well you can write and be concise, clear and accurate.

You can use the question paper for rough working or notes, but **no extra paper** is allowed.

Remember that when you are told that you may begin you will have only 30 minutes to choose and complete your task. Your complete response must be contained on the single page provided for your answer. The disciplines involved in this are key features of the task.

You **must** complete the answer sheet within the time limit.

Dictionaries and calculators are NOT permitted.

Please wait to be told you may begin before turning this page.

This paper consists of 3 printed pages and 1 blank page.

Use this space and the back page for notes etc. if you wish. Remember that your response must be written on the single page answer sheet provided.

YOU MUST COMPLETE ONLY ONE OF THE FOLLOWING TASKS

Please indicate which task (1, 2 or 3) you have chosen in the 'Task Chosen' box on the answer sheet.

Each of the tasks consists of a statement in bold followed by three prompts. It is important that you address all three parts of your chosen task.

1 The real aim of education is to teach moral values.

Explain the reasoning behind this statement. Present a counter-argument. To what extent do you agree with the statement?

2 Science today gives people a false sense of certainty in an unpredictable world.

Explain what you think this statement means. Argue to the contrary. To what extent can we regard science as a source of certainty?

3 'Before you examine the body of a patient, be patient to learn his story. For once you learn his story, you will also come to know his body.' (Suzy Kassem)

Explain the argument behind this statement. Offer a counter-argument. To what extent is Kassem's view relevant to the practice of modern medicine?
