SECOND PUBLIC EXAMINATION
TRINITY TERM 2020

Honour School of Mathematics and Statistics (Part C)

Monday	01 June	09:30	Analytic Number Theory Bayes Methods
Tuesday	02 June	09:30	Combinatorics Mathematical Physiology
Wednesday	03 June	09:30	Applied Complex Variables
		14:30	Probability on Graphs and Lattices
Thursday	04 June	09:30	Approximation of Functions Probabilistic Combinatorics
Friday	05 June	09:30	Probability and Statistics for Network Analysis
Saturday	06 June	09:30	Perturbation Methods
Monday	08 June	09:30	Stochastic Models in Mathematical Genetics
Tuesday	09 June	09:30	Axiomatic Set Theory
		14:30	Advanced Simulation Methods
Wednesday	10 June	09:30	Additive and Combinatorial Number Theory Algorithmic Foundations of Learning
Thursday	11 June	09:30	Numerical Linear Algebra
		14:30	Further Functional Analysis
Friday	12 June	09:30	Continuous Optimisation
Saturday	13 June	09:30	Advanced Topics in Statistical Machine Learning
Tuesday	16 June	14:30	Stochastic Analysis and Partial Differential Equations **AMENDED DATE**
Wednesday	17 June	14:30	Stochastic Differential Equations **AMENDED DATE**

J. MARTIN
Chair
