

Guide to completing Tier 4 (General) Student Online Application Form

Last updated 25 May 2017

When you apply in your home country for a Tier 4 student visa you need to register for and complete an [online application](#) form (with the exception of applications made in North Korea where a paper form VAF9 and an Appendix 8 need to be completed – follow the links on page above).

You must have your CAS (Confirmation of Acceptance for Studies) number from Oxford before you apply for your visa. For information about receiving your CAS, see the [Tier 4 webpage](#). You will receive an email with your CAS number and other information you will need for completing the online application form. This email is your ‘CAS statement’.

You cannot apply for your visa more than three months before your course start date as stated on your CAS. You must apply within six months of the CAS issue date. If your CAS was issued more than six months ago, contact your department or college to get a new one.

In several places this Guide refers to UK Visas and Immigration’s [Tier 4 Policy Guidance](#) which sets out the exact requirements for a Tier 4 application. You will need to check this and follow the instructions very carefully.

Reduced evidence provision for designated ‘low risk’ nationals of Argentina, Australia, Barbados, Botswana, Brunei, Canada, Chile, Hong Kong, Japan, Malaysia, New Zealand, Oman, Qatar, Singapore, South Korea, Taiwan (holding Taiwanese passport which includes identification card number), Trinidad and Tobago, United Arab Emirates, USA, and BN(O)s.

If you are a national of, and are applying in, one of these countries, you come under these ‘[differentiation arrangements](#)’ and will not have to send documentary evidence of your qualifications and funding with your application. However, you must make sure you have the required documents ready to send if you are asked for them later in the application process. Your application could be refused if you do not provide the specified documents within the requested time limit.

If you apply in a country other than your country of nationality you **cannot** use this provision and must submit all the necessary supporting documents with your visa application. Your visa could be refused if you do not include these documents.

NEW: MASTERS STUDENTS STARTING A COURSE OF 13 MONTHS DURATION OR LESS

The University of Oxford, along with a small number of other UK Universities, has been chosen to participate in a pilot scheme for students starting a Masters course of 13 months duration or less. As part of the pilot scheme you will not be required to provide evidence of previous academic qualifications or financial information when submitting documents to support your visa application. You will also be issued with a visa valid for 6 months beyond the end date of your course. Please note that you must still ensure that your academic qualification and financial evidence meets the Tier 4 requirements and is available in the correct original format, as these documents can be requested during processing and spot checks may be made. [Please read these FAQs](#) for important details [about this new pilot scheme](#).

Completing the online application form

Do save the document as you progress and make a note of your application reference number so that you can return to it at a later date (you will also get an email link).

When applying, be aware of the following options when selecting 'Type of application':

- Tier 4 (General) Student: if you will be self or family funded, privately funded or funded by a student loan;
- Tier 4 (General) (Sponsored) Student: if you are going to be funded by an "official financial sponsor", which includes Oxford or other university scholarships / bursaries, the UK government, your home government (not including student loans), the British Council or any international organisation or international company;
- Tier 4 (General) (UK Government Sponsored) Student: only if you are the holder of a Chevening Scholarship or Fellowship, a British Marshall Scholarship, a Fulbright Scholarship or a Commonwealth Scholarship and Fellowship Plan.

Passport/Travel Document

Please note that you need **one blank page front and back** in your passport/travel document to avoid the processing of your application being delayed or rejected

Write your name exactly as shown in your passport and CAS statement. Include middle/other names with your Given name(s). If you only have one name, write it in the 'Family Name' AND 'Given Name' boxes.

Travel information

Date of planned travel to the UK.

Include your intended date of travel to the UK

Travel History

The answers will vary for individual students but as a guide to completing three questions we suggest:

Have you ever travelled to the UK in the last 10 years?

If Yes

List the last 5 visits to the UK in the last 10 years

Detail the 5 most recent entries into the UK for whatever reason

Have you ever voluntarily elected to depart the UK?

Only relevant in the special context of a decision to remove someone from the UK – this would be No for most applicants

Have you ever travelled outside your country of residence, excluding the UK, in the last 10 years?

List any trips you have made, for which you have needed your passport (apart from to the UK or any Commonwealth country). If you have been resident for study or work in another country, also list any trips made from there. If there is a long list you can include these details under 'Additional information' at the end

Medical Treatment

We suggest that you include details and dates of any medical treatment received in the UK. We understand that you are not required to include details of appointments with a General Practitioner (GP) or minor illnesses but if you have received hospital or longer term treatment for injury or a medical condition you should supply the information requested.

Sponsor

The information you need for this section will also appear on your CAS Statement:

Tier 4 Sponsor Licence Number	<i>UED4UGNF1</i>
Name of sponsor	<i>University of Oxford</i>
Address of sponsor	<i>University Offices, Wellington Square, Oxford, OX1 2JD</i>
Primary Contact No:	<i>01865 286349</i>

(Secondary contact no. and email address are not mandatory so can be left blank)

Studies

This section is asking for information from your CAS about your course, details of the title, level, etc. If you do not have a CAS number, you cannot proceed with your application. For information about receiving a CAS see [Step 1](#) on our webpage. To be valid, your CAS must not be more than six months old at the time you apply for your visa. If you are reapplying after a visa refusal, you will need a new CAS.

CAS Number *As given on CAS Statement being careful to make clear the difference between any '0's and 'O's and '1's and 'I's.*

Title of course *This should match 'Programme Title' on CAS Statement*

Level of course *This should match 'Course Level' and 'Qualification Awarded on Completion' on CAS Statement (the options may be slightly different to the way your CAS is worded – if you wish you can include the **NQF number** as stated on your CAS ignoring the letters QFC)*

Start date of course *If you will be starting a new course, use 'Start Date 1' from your CAS Statement*

If you will be taking a pre-sessional course or attending an induction programme at Oxford before your main programme, use 'Start Date 2' from CAS Statement if an earlier date has been specified there

If you have already started your course at Oxford and you are applying for a visa to resume or continue, use 'Start Date 1' from your CAS Statement, which is the original course start date.

End Date of course *Include the 'Expected End Date' from your CAS Statement*

Address main site of study *Same as Sponsor Address (use postcode OX1 2JD for look up)*
For contact numbers and email you can input any college or department details you have

Assessed by “other means” *New students answer “No”*
If you are a continuing student and under the heading, ‘Evidence Considered in Accepting Application’ your CAS Statement says “I confirm that the student is progressing satisfactorily on their course”, answer ‘Yes’ and write in the drop down box ‘Assessed on progress on current course’

(English language - continued with a table on the next page)

English Language

Look at your CAS, under the heading ‘English language assessment’ to find out which option you should choose.

Option on the form	Information on CAS
National of a majority English speaking country	If you are a national of one of the countries listed in Appendix B of the Immigration Rules, as shown in the passport listed on your CAS and that you will use for your visa application, choose this option and pick your nationality from the drop down list provided
English Language Test	If a test result is mentioned on your CAS statement include details of the awarding body, title, level, date of the award and reference number. Please note that this option is only used for pre-sessional English courses at Oxford
Previous study as a child student (or under the student rules that were in force before 31 march 2009)	If your CAS confirms that you have completed a course in the UK as a child student include information requested
Your sponsor is a Higher Education Institution (HEI), and has made its own assessment of your English language ability	If the CAS Statement states “Higher Education Institution (HEI) sponsor has made assessment” choose this option. DO NOT include language test certificates or results with your visa application.
Your sponsor is an HEI, considers you to be a gifted student and has waived the English Language requirement	If this option appears on your CAS Statement please email student.immigration@admin.ox.ac.uk
Studying short-term study abroad programme in the UK as part of a university course in the USA	This option will not appear on your CAS

ATAS Certificate

Your CAS statement will state whether you need an ATAS certificate. For information about ATAS see [Step 2](#) on our webpage. If you have a question about whether you need an ATAS certificate, contact your Oxford college (undergraduates) or department (graduates) or email student.immigration@admin.ox.ac.uk. If you do require an ATAS certificate, you must get it before you submit your visa application – this could take 20 working days or more. You will receive your ATAS certificate by email – you must print this out and include it with your application.

Maintenance and Fees

You must ensure you enter the correct information in this section and have the specified documentation as evidence of your funding as set out in the [Tier 4 Policy Guidance](#). For new students this likely to be different to the evidence you provided to the University for your Financial Declaration. If you come under the reduced evidence provision (see page 1) and you are applying in your home country, you do not have to send documentary evidence of your finances with your visa application, but you must have the documents available in case they are requested during the processing of your visa. Note that the reduced evidence provision does not apply if you are making your application in a country that is not your country of nationality.

Course fees

Copy the figure for ‘Total Fees’ given on your CAS Statement under the heading, ‘Fees and Payments’. Note that this figure will represent your tuition and college fees for a maximum of one year, not the total fees for your course if your course lasts for more than one year.

Have any of your course fees been paid?

This means payments that have been made towards the amount show as “Total Fees” and which are either shown on your CAS Statement as ‘Fees Paid Towards Total’ or for which you have an original paper receipt from the University or your college. Choose “Yes Paid to UK Education Provider” and include the amount underneath if a figure appears here.

If you are a Visiting Student who is not required to pay any course fees direct to Oxford because your home institution is paying Oxford, and you have £0.00 for ‘Total Fees’ on your CAS, choose “Yes - Paid to Overseas Higher Education Institution” and then choose “Shown on CAS”. You might have to include with your visa application a letter from your home institution confirming the arrangement.

Some continuing students are likely to have £0.00 for ‘total fees’ on the CAS. Put 0.00 on the form then answer “Yes Paid to Overseas Higher Education Institution” and then choose “Shown on CAS”.

If you answered No and none of the ‘Total Fees’ have been paid, you must state that you can cover this amount by answering Yes to the question ‘Do you have sufficient funds to cover remaining course fees?’. For part payment of fees, you have to include the total amount paid and then the option of the evidence you are providing.

If you are not covered by the exemption arrangements and you have paid a sum of money towards your course fees, either ensure the payment is recorded on the CAS (which your college or department can update electronically even after your CAS statement has been issued) or provide an original paper receipt from the University or your college.

Do you have sufficient funds to cover remaining course fees?

Answer Yes or No depending on whether any fees have been paid in advance to the University or, if you are a visiting student, via your home institution.

Maintenance (living costs)

Currently £1015 a month is required for living expenses. The maximum amount you will need is for **9 months (£9135)** even if your course is longer. You will need to use this figure as a basis for living costs with this application.

Have any of your accommodation fees been paid to your sponsor? (The University of Oxford)

You can only state an amount paid towards accommodation if you will be or are staying in University accommodation, money has been paid to college and:

- this amount is shown on your CAS statement as 'Accommodation Fee Already Paid' or
- you have an original official paper receipt for the amount paid from college

In both cases choose "Yes - Paid to UK Education Provider", enter the amount below and choose how this will be evidenced

Note that, even if you have paid a higher amount to the University for accommodation, you are only allowed to offset a maximum of £1265 towards the amount you may need to show for maintenance.

If you are a Visiting Student who is not required to pay any accommodation fees direct to Oxford because your home institution is paying Oxford, and this is explained on your CAS, choose 'Yes - Paid to Overseas Higher Education Institution'.

If you are not in University accommodation answer No

Do you receive support from a financial sponsor that meets the UK Visa and Immigration definition of a financial sponsor?

Financial sponsor here means a body who is funding your studies (course fees or living expenses or both), who is the UK government, your home government, the British Council or any international organisation, international company, university or an independent school. You may be receiving funding from another source, but it will not count as an 'official financial sponsor'. Note that if you will be funding your studies using a student loan, you should give this information in a different section.

If you have an official financial sponsor, you will need a stamped, original, headed-paper letter from them about the sponsorship (scholarship, award, bursary or equivalent) which meets the requirements in the [Tier 4 Policy Guidance](#). If your financial sponsor is an international organisation or company we recommend that the letter makes it clear that they operate on an international basis. If the University (Oxford) or your college is your official financial sponsor this information **will not** be included on your CAS, and you will need to make sure you have a letter.

Include the full name of the official financial sponsor (for example Clarendon Fund) and then the amount they are giving you in total, followed by a breakdown of the amount for fees and living expenses. For partial scholarships or more than one official financial sponsor put the total amount (there does not appear to be an option to add more than one sponsor).

If your financial sponsor will be paying all of your course fees you have to state the amount you will receive. If your financial sponsor is paying all of your living expenses, or as much or more than the amount already stated, write the total amount in the next box. If you will only be partially funded for either course fees or maintenance, write the actual figures as shown in your financial sponsor letter in the boxes.

Amount of any remaining fees and maintenance you have to show as ‘still due for payment’

For students with full funding from an official financial sponsor

Answer ‘No’ and then ‘Yes’ to “Do you have money in your own name?” You will then have to state “Original letter from official financial sponsor”. There appears to be no way around answering this question when all fees and living costs are covered by a financial sponsor.

There should be nothing left for you to have to show because:

- You have an official financial sponsor who will be paying all your course fees or any outstanding course fees

AND

- You have an official financial sponsor who is paying all your maintenance (or at least as much as you are required to show) or
- You have paid an amount towards University/college accommodation as stated which is at least as much as the figure you entered (note that you are only allowed to count a maximum of £1265 already paid for accommodation towards this) or
- You have paid an amount (of which you are allowed to count up to a maximum of £1265 towards University/college accommodation as stated) and the balance you are required to show for living expenses is covered by an official financial sponsor.

For all other students with remaining fees and maintenance ‘still due for payment’

If you still have to show evidence of funding, answer ‘Yes’ and complete the questions below:

- for Course fees give the figure deducting any amount already paid and any amount covered by official financial sponsorship from the figure on your CAS
- for maintenance deduct any amount you have paid for accommodation (of which you are allowed to count up to a maximum of £1265) and any amount covered by official financial sponsorship. If this means the figure is less than zero, put 0.00
- for the total remaining to be covered, add the figures for Course fees and Maintenance together. You will need to be able to show you have this amount of money in savings or have a loan to cover it, or that your parent or legal guardian will give you this money.

Answer ‘Yes’ to “Do you have money in your own name?” if you have the money you need to show as your own savings, or savings in an account you hold jointly, or a loan in your own name.

Answer ‘No’ if you have to show funding in a bank account in the name of a parent or legal guardian and give details of the evidence you are providing underneath. Note that you cannot show funding in the form of a loan in the name of a parent or legal guardian and you cannot show funding from any other family member or individual.

***IMPORTANT NOTE FOR THOSE WHO ARE NOT REQUIRED TO PROVIDE DOCUMENTARY EVIDENCE WHEN SUBMITTING AN APPLICATION (LOW RISK see page 1)**

“What original documents have been supplied showing evidence of funds for the fees that still need to be paid?”

You must complete this section even though you are not sending in the documents. You will need to list the documents you would provide if asked to do so and add “No evidence required (low risk)”.

Funding from your parent or legal guardian (see note above*)

If you do not have the money you need to show in your own or joint names, and want to show evidence for funding from your parent or legal guardian, you must obtain a letter from them, provide your original birth or adoption certificate or court document for guardianship. See [Tier 4 Policy Guidance](#). In addition they must also provide a bank letter or bank statement which meets the requirements as stated in the guidance. Remember that if any of these documents are not in English you will have to obtain a translation which meets the requirements in the Tier 4 Policy Guidance.

Documentary evidence you must provide to show funding (see note above*)

If you come under the reduced evidence provision (see page 1) you may not have to provide supporting documents but remember you must have the documents available to provide if UK Visas and Immigration asks for them later. Note that the reduced evidence provision does not apply if you are making your application in a country that is not your country of nationality.

If you do not come under the reduced evidence provision, list the documents you will be providing as evidence for your funding – for example “Personal bank statements” or “Student Loan”.

You must follow the requirements for original evidence of funding as given in the Tier 4 Policy Guidance and get translations if necessary. Only the specified documents will be accepted. Note: these requirements to show evidence of funding for your visa application are completely separate from any requirements you may already have had to comply with to fulfil your college Financial Declaration – do not assume the same evidence will be adequate. The requirements for documentary evidence of funding are in the [Tier 4 Policy Guidance](#).

If you are showing evidence of money held in either your own or a parent/guardian’s account, you must be able to show (as set out in the Tier 4 Policy Guidance) that you have held the required level of funding **for 28 consecutive days** prior to application; any documents must also be dated **within 31 days** of the date you submit and pay for the application, otherwise your application is likely to be refused.

If you will be funded by a US Federal Student Loan, ensure you have proof of the loan and Notification from the University’s Student Funding office. Send this with your visa application unless you come under the reduced evidence provision (see page 1). Note that the reduced evidence provision does not apply if you are making your application in a country that is not your country of nationality.

If you need further information about this, email us.loans@admin.ox.ac.uk. Remember that if the loan is partial you may need to provide other documents as specified in Tier 4 Policy Guidance to show that you have the balance.

Points Claimed

Enter 30 points for possession of a CAS

Enter 10 points for maintenance

Supporting documents – evidence of academic qualification

If you come under the reduced evidence provision (see page 1) you may not have to provide supporting documents for any academic qualification upon which you offer to study at Oxford has been based.

Look at the heading on your CAS Statement, 'Evidence Considered in Accepting Application'. If any qualifications are listed here and you do NOT come under the reduced evidence provision (see page 1), you are required to send in an *original* certificate **or** transcript for the award(s) listed.

If **you DO** come under the reduced evidence provision you are not required to send the original certificate or transcript but make sure you have them available to send if UK Visas and Immigration request them.

You must have completed any qualifications listed; UK Visas and Immigration will not accept provisional documents*.

***NOTE FOR SOME INDIAN STUDENTS ONLY – if your CAS states “*please note we have accepted the provisional certificate as the degree is complete and awarded*” you can provide an original provisional certificate as evidence of your academic qualification.**

Look at the [Tier 4 Policy Guidance](#) to ensure your documents fully meet the requirements. If you cannot provide the required original documents, contact your College (undergraduate and visiting students) or Department (graduate and recognised students) for advice, including where qualifications that you have not completed are mentioned. If any of these documents are not in English you must also send a translation in the required format. Only send evidence for qualifications listed on your CAS Statement.

If your CAS states “*Assessed on progress on current course*” you are not required to provide evidence of any academic qualification.

If you are coming to Oxford as a visiting student, your CAS may state ‘student has been assessed as competent by the home institution – we have not required to see any qualifications’ and you are not required to submit any evidence with your application.

In answer to the question “*Have you been assessed by the sponsor by other means, for example references or a portfolio of artwork*’ you should choose NO.

Additional Information

Add anything here that you think is relevant to your application.

Sign the declaration

You must then sign the declaration- the date is automatically input.

Assistance with the online form beyond this point is limited (due to having to sign the declaration and pay) but if you have any questions please do contact student.immigration@admin.ox.ac.uk

BIOMETRIC RESIDENCE PERMIT (BRP) COLLECTION LOCATION IN THE UK

Once your application has been processed you will be issued with a short 30 day travel visa which will be stuck in your passport. The date you can enter the UK using this visa will be calculated to start based on *either* 7 days before your intended date of travel as included on your application form *or* 30 days before the start date on your CAS, whichever is the latest. You are then required to collect the full length visa once you arrive in the UK. Information about collection has to be included on your application.

WHERE TO COLLECT YOUR BRP

Where prompted, you will have to choose where to collect your BRP within 10 days of arrival in the UK (this will include any BRPs for your dependants who are travelling with you). You can choose between the Examination Schools in Oxford*, the main Post Office in Oxford or another Post Office location within the UK.

FROM THE EXAMINATION SCHOOLS*, HIGH STREET, OXFORD ON TUESDAY 26 SEPTEMBER TO FRIDAY 29 SEPTEMBER (INCLUSIVE), MONDAY 2 OCTOBER AND TUESDAY 3 OCTOBER

There are designated 1 hour slots on all these days as follows:

10-11am, 11am-12 noon, 1-2pm, 2-3pm, 3-4pm

(Please note that there is **no collection from the Exam Schools on Saturday 30 September or Sunday 1 October**)

Select the third box '**ALTERNATIVE LOCATION**' and enter the code **2HE627**

This option is recommended if you are arriving around these dates as space is limited at the Post Office and there will be more staff available at the Examination Schools. Please also [sign up here](#) to let us know when you might pick up the card so we can estimate numbers each day, you can change this time later if needed.

FROM ST ALDATES POST OFFICE IN THE CENTRE OF OXFORD

If you are arriving earlier or later than the dates above

Select the second box '**SPONSOR ADDRESS POSTCODE**' and enter the postcode **OX1 2JD**

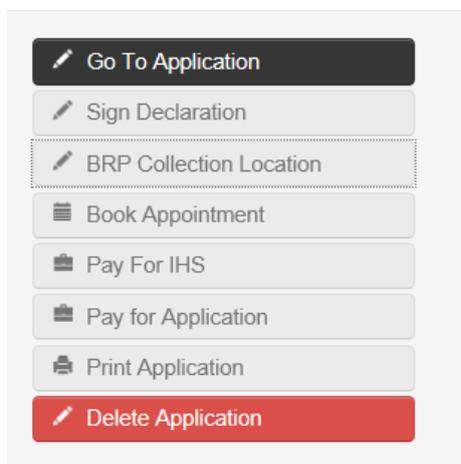

If you want to choose your residential address or a different location then please follow the instructions although we strongly encourage you to use one of the above two options.

Further details about how to collect your BRP will be provided by the Home Office when your travel visa is issued.

***FOR MBA, MFE, MPP AND ANY EARLY STARTERS – PLEASE DO NOT CHOOSE THE EXAM SCHOOLS FOR COLLECTION OF YOUR BRP AS YOU WILL BE DELAYED IN ENROLLING, OPEN A BANK ACCOUNT ETC.**

Biometric Appointment

The next step is to book an appointment to give biometric information at a Visa Application Centre (VAC). Please follow the instructions from the front page of the application:

Immigration Health Surcharge (IHS)

All applications for a visa longer than 6 months will require the payment of an Immigration Health Surcharge (IHS). This will give you access to the NHS in the UK for the duration of your course. You will pay the IHS at this stage of the online application process. Further information about this is available from the [Home Office](#) and is also information on [our webpage](#) – see point 6.

And Finally.....

Keep a copy of the application and any documentation you submit for your own reference. We hope your application goes smoothly. If you follow the instructions carefully to show you meet the requirements you should not encounter problems. However if you do experience difficulties or your application is refused, contact your Department or College or email [Student Immigration](mailto:student.immigration@admin.ox.ac.uk) as soon as possible.

If you think you have made a mistake on your application after submission and payment, please do not cancel it until you have contacted us (student.immigration@admin.ox.ac.uk) and received advice on how to proceed.

NOTE FOR STUDENTS APPLYING IN THE USA

Please note there is additional information about where to send your application pack from within the US. UK Visas and Immigration in the US has produced a guide which includes the address in New York (do not send your documents to the UK!) where the application pack has to be sent. You are also required to provide a return shipping waybill and envelope. This must not be hand written but electronic:

<https://www.gov.uk/government/publications/usa-apply-for-a-uk-visa>
