

Course Information Sheet for entry in 2016-17

MPhil in Geography and the Environment

About the course

The MPhil is a two-year course designed for high-flying master's candidates who wish to include a substantial research component at master's level studies. In the first year, candidates take the coursework associated with one of the MSc courses in the department and in the second year complete a 30,000-word thesis.

The MPhil in Geography and the Environment is a two-year course. In the first year, you will take the coursework associated with the MSc in Biodiversity, Conservation and Management, MSc in Environmental Change and Management, MSc in Nature, Society and Environmental Governance or MSc in Water Science, Policy and Management. You must pass the examinations taken at the end of the first year in order to proceed into the second year.

The second year is devoted to researching and writing a thesis of 30,000 words. The research topic will be devised in your first year and, once approved; a supervisor will be allocated to you. The thesis accounts for half the marks for the degree.

Changes to courses

The University will seek to deliver each course in accordance with the descriptions set out above. However, there may be situations in which it is desirable or necessary for the University to make changes in course provision, either before or after registration. For further information, please see the University's Terms and Conditions.

Annual fees for entry in 2016-2017

Fee Status	Tuition fee	College fee	Total annual fees
Home/EU (including islands)	£13,150	£2,933	£16,083
Overseas	£18,770	£2,933	£21,703

The fees shown above are the annual tuition and college fees for this course for entry in the 2016-17 academic year; for courses lasting longer than one year, please be aware that fees will usually increase annually. For details, please see our guidance on likely increases to fees and charges.

Tuition and college fees are payable each year for the duration of your fee liability (your fee liability is the length of time for which you are required to pay tuition and college fees).

Additional cost information

All costs associated with compulsory fieldwork are paid for by the department. If you choose to attend an optional fieldtrip to Brussels, you will need to fund your own travel and accommodation

costs, which the department estimates will total around £200. You may be eligible to apply to the Environmental Change Institute for financial assistance for the Brussels field trip in the event of no other funding (eg college funding) being available.

Living costs

In addition to your fees, you will need to ensure that you have adequate funds to support your living costs for the duration of your course.

The likely living costs for 2016-17 are published below. These costs are based on a single, full-time graduate student, with no dependants, living in Oxford. We provide the cost per month so you can multiply up by the number of months you expect to live in Oxford.

	Likely living costs for 1 month		Likely living costs for 9 months		Likely living costs for 12 months	
	Lower range	Upper range	Lower range	Upper range	Lower range	Upper range
Food	£265	£298	£2,384	£2,673	£3,177	£3,565
