

Course Information Sheet for entry in 2016-17

MSc in Paediatric Infectious Diseases

About the course

The MSc in Paediatric Infectious Diseases can be taken part-time over one year as an extension to the Postgraduate Diploma in Paediatric Infectious Diseases. It is for those who wish to broaden their knowledge about paediatric infection and develop research skills in the subspecialty.

In order to apply for the MSc, you must have successfully and recently completed the PGDip in Paediatric Infectious Diseases.

The MSc is intended to assess your capacity to formulate research questions, select, design and manage a research project. You will complete a research project of between eight and fourteen weeks and write a dissertation of not more than 15,000 words based upon this. The research can be carried out in Oxford or locally, making the programme suitable for overseas as well as UK residents.

You will receive support and guidance from your dedicated Oxford supervisor during the preparation of your dissertation. If you are completing your research project outside of Oxford you will also be required to find a local supervisor.

While there is no formal teaching programme for the MSc year, you may attend any of the regular series of University lectures and seminars in relevant disciplines, particularly those run by the Department of Paediatrics.

Changes to courses

The University will seek to deliver each course in accordance with the descriptions set out above. However, there may be situations in which it is desirable or necessary for the University to make changes in course provision, either before or after registration. For further information, please see the University's Terms and Conditions.

The fees shown above are the annual tuition and college fees for this course for entry in the 2016-17 academic year; for courses lasting longer than one year, please be aware that fees will usually increase annually. For details, please see our guidance on likely increases to fees and charges.

Tuition and college fees are payable each year for the duration of your fee liability (your fee liability is the length of time for which you are required to pay tuition and college fees).

Additional cost information

This course has residential sessions in Oxford so you will need to meet any travel and accommodation costs you may incur in attending these sessions.

Living costs

In addition to your fees, you will need to ensure that you have adequate funds to support your living costs for the duration of your course.

The likely living costs for 2016-17 are published below. These costs are based on a single, full-time graduate student, with no dependants, living in Oxford. We provide the cost per month so you can multiply up by the number of months you expect to live in Oxford.

	Likely living costs for 1 month		Likely living costs for 9 months		Likely living costs for 12 months	
	Lower range	Upper range	Lower range	Upper range	Lower range	Upper range
Food	£265	£298	£2,384	£2,673	£3,177	£3,565
