

University of Oxford Tuition Fee Rates

Modular Courses 2011/12

General Information

These are the tuition fee rates for the academic year 2011/12. Modular courses charge a fee for each module undertaken in addition to an annual programme fee. For all modular courses, the annual programme fee includes the college fee.

The rates listed are for one academic year, 2011/12. You should expect to pay tuition fees for every year you are in attendance and be aware these fees will increase annually. Some qualifications have a maximum period of University tuition fee liability. Fee rates are split into three residency categories: Home/EU, Islands* and Overseas.

Note that certain Master's courses are only available by progression from other Oxford University courses. Students on these programmes of study are required to complete a postgraduate certificate and/or diploma before they can progress to the Master's qualification. An estimate of the fee cost for the entire period of study leading to the Master's degree is given.

For further information on the above or on fees for other programmes, visit:

* Island rates, which are only payable by students from Channel Islands and Isle of Man, apply to undergraduate programmes of study and the PGCE only. For all other programmes Islands students are charged at the Home/EU rate.
