Opening a Bank Account: a guide for European and International Students

Tips and practical advice about how to open an account

This guide contains information about what type of documents you will need to open a bank account and the services the main banks in Oxford provide.

Still having problems?
If you have any difficulties opening a bank account, please talk to the Customer Services department at the Bank first, and then if you still have problems let your College and Student Information know student.information@admin.ox.ac.uk

If you wish to make a complaint about a bank write to: The Financial Ombudsman Service South Quay Plaza, 183 Marsh Wall, London, E14 9SR Tel: 0800 0234567 complaint.info@financial-ombudsman.org.uk

http://www.financial-ombudsman.org.uk

Three useful tips for bank accounts

UK banks are keen to open accounts for European and International Students. However, as they need to collect certain information from you to meet UK government financial rules please follow these three useful tips to make the process easier:

1. Meet all the banks at the Orientation Event: They can provide information and start the process to open your account. Remember to bring all your documents (see page 5).

   Graduate Orientation is held on 28 and 29 September and Undergraduate and Visiting Orientation on 2 October. Graduate students who miss the orientation events on 28 and 29 September can also meet the banks on 2 October from 10am to 12pm.

2. Gather all the documents needed to open an account:
   For all the banks listed in the table on page 5 of this document you will need your passport or EU identity card and a stamped and signed (by college) ‘enrolment certificate’ to verify your student and course status but it must have your complete student address and postcode. See page 3 for how to obtain this certificate.

   Note that if you arrive before 1 September your college may need to issue a certificate manually.

3. Go to the bank early:
   The banks will be very busy at the start of term. Try to avoid lunchtimes which are very busy periods and see the ‘late bank opening hours’ on next page. Most banks should open your account on the same day but cards may take around five days to one week to arrive in the post.

   Talk to your college if you are waiting for your account to be opened and they may extend the deadline for paying your bills.

Guide prepared by Student Information, correct as of August 2017 student.information@admin.ox.ac.uk
Late bank opening hours in September/October

The following banks in the city centre will open late at these times, especially to help students open accounts.

Do take advantage and go along during these days as the banks will be busy when the UK students arrive in the week of 2 October.

**Thursdays until 7pm**
- HSBC
- Barclays until 7pm 21, 28, 29 September 2, 5, 12, 19, 26 October
- Lloyds  May open late if demand is high for appointments

**Some exceptions are:**
- Nat West 9.30am to 5.30pm
- HSBC Tuesdays from 9.30am
- Lloyds Wednesdays from 9.30am
- Santander Wednesdays from 10am—5pm

**Saturdays**
- 9.00am-4.00pm
- Lloyds
- Santander 9.00am-5.00pm
- HSBC 9.30am-4.00pm
- Nat West (Cornmarket) 9.00am-3.00pm
- Barclays

### Standard bank opening hours (for the main branch listed on page 5)

**Mondays to Fridays**

Standard banking hours are usually
9.00am-5.00pm

**Some exceptions are:**
- Nat West 9.30am to 5.30pm
- HSBC Tuesdays from 9.30am
- Lloyds Wednesdays from 9.30am
- Santander Wednesdays from 10am—5pm

**Saturdays**
- 9.00am-4.00pm
- Lloyds
- Santander 9.00am-5.00pm
- HSBC 9.30am-4.00pm
- Nat West (Cornmarket) 9.00am-3.00pm
- Barclays

### What services will the banks provide?

The banks vary in the services they provide. All banks provide a cashpoint card to allow you to obtain cash from machines 24 hours a day. Most banks will provide a cheque book to students but you may need to request this; cheques are being used less frequently in the UK but can still be useful for making some payments. Debit cards can be used for shopping and to pay bills and these are provided by all the banks.

A new and popular service is ‘contactless payment’ which allows you to make small payments in some shops and supermarkets (less than £30) without having to enter your PIN number.

All banks offer online and telephone banking; you may like to discuss the security arrangements with the bank if you use these services. Most banks do not make a charge for depositing money or making payments (cheques, direct debits).

However, if your bank account goes overdrawn or you make a payment when there is not enough money in your account you will be charged by the bank.

If you are going to be absent from the UK for a very long period you should let your bank know, as otherwise they might treat your account as dormant and close it.

Keep your bank statements as you will need them if you need to extend or apply for a visa in the future.

---

**Impartial Financial Advice:**
MoneySavingExpert.com has grown as a trusted source of financial advice for households across the UK. There is a student specific portal:
http://www.moneysavingexpert.com/students/
The website also contains vouchers and advice when purchasing in the UK.

**REMEMBER:**
You will need original bank statements, or print-outs stamped by the bank, for any future visa applications or extensions. Check your bank offers one of these options.

How to obtain and print your student enrolment certificate

The enrolment certificate will be accepted as proof of your student status at all the banks listed below.

Follow these steps to get your certificate:

Step 1: When your offer is complete (academic and financial conditions) IT Services will email you your ‘Single Sign-On’ login details. Single Sign-On is the system used at Oxford to access a wide range of IT services at the University by using only one log-in and password.

Step 2: In early September, Student Information will email you asking you to complete your university student registration online. Complete this process as soon as you can. This is done in an online portal called ‘Student Self Service’.

Step 3: When you arrive in Oxford visit your college and ask them to complete your registration process. They will ask you to bring documents such as your passport and visa (BRP) for scanning, if you have a visa, and to complete other paperwork.

Step 4: Your college will then confirm on the Oxford student database that you have arrived and registered with them which completes the registration process.

Step 5: You can now print* your student enrolment certificate from Student Self Service.
Take the printed certificate/s to your college and ask them to stamp it with the official college stamp and sign it. You must have your full student address and postcode on the certificate.

*At busy periods, you may have to wait a few hours for the IT system to update that your college has completed your registration before you can print the certificate.

Common terms about UK bank accounts

Cash card/ATM card
A card that allows you to take money out of your account using a bank machine, referred to as a ‘cash machine’, ‘cashpoint’, ‘hole-in-the-wall’ or ATM. You will be given a Personal Identification Number (PIN) so that you can use the card to withdraw money. Do not allow anyone else to see your PIN number and destroy the letter after you have memorised the number.

You can normally use your cash card at several different banks, without a charge, but in some cases there may be a charge if you use it in a different ‘system’, particularly if you use a non-bank cash machine, for example a cash machine in a shop or at a petrol station. The machine will warn you if there is going to be a charge before you withdraw the money.

Cards can also be used in other countries to withdraw money from your UK bank account but you will pay extra bank charges.

Debit card/Chip and pin
A card issued by a bank (usually a combined cash/debit card) that you use to pay for your shopping. The money is usually taken from your account immediately so you must have the funds available in your bank account when you make purchases. The UK uses a chip and pin system where you can use your card to pay for purchases in shops by entering your PIN.

Lost or stolen cards:
Notify your bank immediately, if your card is lost or stolen, to avoid any fraudulent transactions.

For more information about student registration and the Student Self Service portal see: www.ox.ac.uk/students/studentselfservice/
Is internet banking safe?
Yes, it is generally very safe in the UK but take the usual precautions with your password and log-in details and it is better to use your own personal computer and not a computer in a public space.

Many banks will offer additional security measures such as a password generator device which you keep at home and generate a unique password each time you use internet banking. Banks will also provide demonstrations of such facilities online or sometimes in the branch to new customers.
