

University of Oxford

Returning Student Tuition Fee Rates

2009/10 - Postgraduate Research

These are the tuition fee rates for students who began their programme of study (course) during the academic year 2008/09 or before. Tuition fees do not include college fees (unless otherwise indicated), accommodation, or other course and maintenance fees.

The rates listed are for one academic year, 2009/10. You should expect to pay tuition fees for every year you are in attendance and be aware these fees will increase annually. Fee rates are split into three residency categories: Home/EU and Overseas. For further information about your classification please see the website.

The University is in the process of phasing in several changes in fee regulations. This means for some programmes of study (courses) the fee rate applicable is dependent on the date on which you commenced your current programme of study.

Home Postgraduate Research Students

Most Postgraduate Research programmes of study charge two standard Home/EU fee rates. For the exceptions the rate you are charged will depend on the year you began your course:

Programme of Study		Home/EU
Most Postgraduate Research courses		£3,390
<i>Except:</i>		
Programme of Study	Start date ≤ 2007/08	Start date 2008/9
Geography and the Environment	£3,390	£6,500

Overseas Postgraduate Research Students

Includes: DPhil and MSc by Research

This table is ordered alphabetically by course title, and contains courses that are longer than one year. These fees apply to students who began their studies in 2008/09 or before only.

OSS Code	Programme of Study	Start date 2004/05	Start date 2005/06 & 2006/07	Start date 2007/08	Start date 2008/9
