28 and 29 June 2017

I was really attracted by the collegiate structure. Everything works on a smaller scale with concentrated resources, a close-knit community and highly individual teaching with tutors who take a real interest in you.

Archie

Funnily enough, Oxford was also actually the cheapest place for me to go to university. Even before I was aware of the Moritz-Heyman Scholarship, the Oxford Bursaries scheme is the most comprehensive one at the time of my application.

Bertrand

Oxford is a fantastic university, renowned for academic excellence - the teaching is world class, and being taught by experts in my subject area in this way really appealed to me.

MAKING THE MOST OF YOUR DAY

There’s a lot to pack in during your visit to Oxford and you won’t be able to do or see everything in just one day. Remember that the University of Oxford is made up of colleges and departments so there is no central campus to explore.

What’s happening where?
Departments: course talks, sample lectures, demonstration interviews, practical taster sessions, tours, parent talks, opportunities to meet students and tutors. (See page 9)

Colleges: tours, information desks, parent talks, accommodation information, opportunities to meet students and tutors. (See page 6)

Open Day Information Centre: exhibition space with stands representing student services, general information talks. (See pages 12 and 13)

Museums and Libraries: exhibitions, tours. (See pages 14 and 15)

Language Centre: view facilities and meet staff. (See page 15)

Events listed in this guide are all available on a drop-in basis, you do not need to have booked ahead. However, please do arrive early for sessions to make sure you get a place and to keep things running smoothly all day.

The best times to visit the different venues are shown in the example timetable below.

DISABLED STUDENTS
If you can, please let colleges and departments know in advance if you have mobility or other special needs. If you’d like us to coordinate this for you, please email study@ox.ac.uk or call +44 (0)1865 288000. Our Disability Advisory Service will be in the Open Day Information Centre to discuss the support that’s available. Please see page 13 for details. You may also like to see our access guide at www.admin.ox.ac.uk/access.
WHERE CAN I FIND OUT ABOUT...

Fees and Funding
There will be a talk about Student Finance and Careers in the Open Day Information Centre at 14:30. If you have a particular query about your own circumstances, you can talk to our experts at the Student Fees and Funding stand in the Open Day Information Centre. You can also pick up the latest information about fees and funding when you visit colleges.

Did you know that for UK and EU students:
- Oxford offers generous financial support for eligible students from lower-income households.
- You do not have to pay fees upfront.
- You may apply for student loans from the government to cover fees and some living costs.
- You do not have to pay this money back until you have completed your course and are earning more than a certain amount.

Accommodation
Colleges are the place to ask about this as there is no central accommodation service. Most colleges will show you round student rooms as part of their tours and will provide information about the types of accommodation they offer. You can pick up general information about accommodation, including average rents, at colleges or at the Open Day Information Centre.

Did you know that:
- If you study at Oxford, you are guaranteed to get a college room for your first year. You don’t need to make any arrangements yourself.
- No one has to share a bedroom.
- All colleges offer at least one other year of accommodation and some can offer this for the entire duration of your degree.

Disability Advice
The Disability Advice Service will have staff available all day in the Open Day Information Centre and can provide information and advice on the individual support and adjustments available for a range of needs. Individual colleges will also be able to advise you on access arrangements, facilities and support available to students.

Careers
There will be a talk about Student Finance and Careers in the Open Day Information Centre at 14:30. You may also visit the Careers Service stand at the Open Day Information Centre if you want more information about the support offered to students to progress into their chosen career. Tutors at departments and colleges will be able to talk to you about the kind of jobs recent graduates have gone on to do.

Careers prospects for Oxford students are excellent. £27,000 is the average annual starting salary for our recent graduates. There is a wide range of support and resources available to students in preparation for their future careers including:

ADVICE FOR PARENTS AND CARERS

Lots of students come to Open Days with their parents. Having a second pair of eyes and ears can be really helpful on such a busy day. Parents are welcome to attend many of the events in the programme but sometimes if a room is full and students might miss out, we will ask you to give up your place. We will run extra talks on topics of especial interest for parents so that you can still make good use of the time. These are highlighted in blue in the listings on pages 6–11.

Here are some suggestions for making the most of the day:
- Unless you arrive the night before or before 09:00, we strongly advise that everyone visits their subject department first and then goes to look round colleges and where possible, talk to students and tutors.
- Choosing a course is the most important decision for your child to make so if they are not sure what they want to study, we suggest they focus on this. Not every course is offered at every college. See a table showing “Which colleges offers my course?” on page 4.
- Oxford’s Common Framework for Admissions means that the admissions process is the same at every college. (In this we differ from Cambridge.) You don’t need to attend more than one admissions talk in the day.
- Be aware that you are unlikely to have enough time to visit as many colleges as you might like – even visiting one or two will give you a good idea how the system works.
- If your child is attending talks without you, you might like to attend some of the general information talks at the Open Day Information Centre. The talk about Supporting the Transition to University is particularly helpful and will be valuable no matter which university your child ends up going to.

TOP TIP

VISITING COLLEGES

What is a college?
A college is an academic community, like a mini-campus. If you study at Oxford you will live in a college and most of your teaching will usually happen there, in small groups called tutorials. Those who teach you are called tutors. You will have the chance to meet tutors today and if you are successful with your application you will be interviewed by tutors in December. Tutors and tutorials are one of the main things that make Oxford different from most other universities. By visiting colleges, we hope you will understand how the system works and why we think it’s a great way to learn.

You will live in your college for your first year and often for other years of your course. You will have meals there, make friends, participate in sports and social activities and have access to libraries, bars and a range of support and welfare services.

What can I see or do today?
Some colleges offer pre-booked programmes of talks and workshops. All offer tours and you are welcome to visit all the colleges at the opening times listed on pages 6–8. Current students will be happy to show you round and answer your questions about studying here and about student life at their college.

Some colleges also offer the opportunity to attend talks and meet subject tutors on a drop-in basis. However, please be aware that many tutors are dividing their time between departments and colleges during the Open Days and their availability cannot be guaranteed. Please look out for details posted within the colleges or ask staff or students for more information.

Which colleges should I visit?
Confused about which colleges to visit? Don’t worry, you are not alone. This is one of the most common questions we get asked on Open Days.

You should try to draw up a shortlist before you get here. There is advice about choosing a college on our website. See ox.ac.uk/collegesehoice. Oxford University Students’ Union also offers a handy college suggester. See http://apply.ousu.org/colleges/suggester

Which college offers my course?
The first thing you need to do when deciding which colleges to visit is check which ones offer the course you want to study. Most colleges offer most courses. But not all colleges offer all courses. The table shown here summarises the courses offered at each college.

You might also like to consider:
• The size of the college
• The location of the college (Is it in the heart of the city centre or a few minutes away? Is it near your department building, the park, the river or the swimming pool?)
• How old or new it is
• Accommodation – number of years of college accommodation, where it is, how much it will cost
• Facilities – all colleges have a library, dining hall and common room but other resources do vary
• Access – most colleges have facilities and accommodation for disabled students; however, given the age of the buildings, some areas of some colleges are not accessible for students with mobility issues. Our Disability Advisory Service have a stand at the Open Day Information Centre and can advise you about this.
College Events

Visiting colleges is a great way to get an understanding of what sets Oxford apart from other universities. Descriptions of the most common events are listed below. If events become full, priority will be given to prospective students.

Admissions talk/Q&A: These talks will cover the application process and what factors admissions tutors take into account during the selection process. At a college, this is likely to include advice on choosing a college.

Life at ‘this college’ talk: These talks may cover the tutorials, which take place within colleges, but will likely focus on the non-academic side to student life. They are likely to include information on recreation facilities, support and welfare networks and clubs and societies. They may also talk about the accommodation and meals provided by the college.

Meet the tutors: Your opportunity to meet tutors in your chosen subject, and ask them questions about the course in an informal setting.

Subject sessions with tutors: These sessions are offered by some colleges, and will usually be a short talk about a particular course delivered by a tutor, with an opportunity to ask questions. These tutors teach tutorials for this course at the college.

Meet the students: Your opportunity to speak to current students, who will be able to answer questions on student life, provide information about their college or course, and share their experience of the admissions process.

Parents, carers and teachers talk/Q&A: These often run alongside events which are only available to prospective students. They will cover topics that are often of concern to parents, such as welfare support, finances, and accommodation, as well as information on admissions. These events are highlighted in blue throughout this listing.

¹ Harris Manchester and Wycliffe Hall only accept applications from mature students: those who are 21 and over at the start of their course.
Oxford students are not only members of a college, but also members of a department with access to other libraries and facilities. Depending on the course you choose, you would usually have your lectures and do any laboratory work in your department with students from other colleges. Open Days offer a rare opportunity to visit departments and meet tutors and current students as well as attend events. If events become full, priority will be given to prospective students.

‘This course’ at Oxford talk: These talks will include information about the content of the course and the way it is taught and assessed. Unless a separate admissions talk is offered, they will also cover the specific admissions process for that course.

Admissions talk/Q&A: These talks will cover the application process and what factors admissions tutors take into account during the selection process. At a department, the admissions advice will be specific to the course, and will be able to cover topics like admissions tests and written work.

Meet the tutors: Your opportunity to meet tutors in your chosen subject, and ask them questions about the course in an informal setting.

Meet the students: Your opportunity to to speak to current students, who will be able to answer questions on student life, provide information about their college or course, and share their experience of the admissions process.

Parents, carers and teachers talk/Q&A: These often run alongside events which are only available to prospective students. They will offer advice on how best to support an applicant, and will usually provide an opportunity to ask questions. These events are highlighted in blue throughout this listing.

Colleges and departments are the best places to meet tutors and students and to find out all you need to know about the course you are interested in and about studying at Oxford. However, if you’ve still got any questions, or if the event you planned to attend is full, then please come to the Open Day Information Centre where you may attend talks or visit information stands which are open all day.

**Talks for all**

**Student Finance and Careers**  
*When: 14:30–15:00*  
*Where: South School, First Floor, Examination Schools*  
Hear all the latest information about tuition fees and living costs at Oxford. We will talk you through the funding available to UK and EU students to cover these costs, including UK government funding and Oxford's generous, non-repayable bursaries. A current student will also be on hand to answer any questions about financing your studies at Oxford.

We will complete the picture by updating you on career prospects for Oxford graduates as well as presenting the comprehensive support and career development opportunities available to Oxford students during and after their studies here.

**Applying to Oxford**  
*When: 15:10–15:40*  
*Where: South School, First Floor, Examination Schools*  
If you haven't attended a college's or department's admissions talk earlier in the day, we will talk you through the whole process, and suggest how to make a competitive application.

**Student Life**  
*When: 15:50–16:20, repeated 16:30–17:00*  
*Where: Room 6, Ground Floor, Examination Schools*  
Hosted by Oxford University’s Students’ Union and Oxford University Sport, our students will answer questions on a range of topics such as clubs and societies, night life, work-life balance, student support and the hundreds of non-academic opportunities available at Oxford. Please note that this session will not cover admission to the University. Questions about admissions will be answered at colleges, departments and at the admissions stand upstairs in the Open Day Information Centre.

**Talks for parents and carers**

**Why not come and have some of your own questions answered?** Staff and students will consider our admissions process and aspects of life at Oxford from your perspective as a parent or carer. Many colleges and departments also offer talks specifically for parents and carers and these are highlighted in the listings on pages 6–11.

**Supporting the Transition to University**  
*When: 11:00–11:30*  
*Where: Room 6, Ground Floor, Examination Schools*  
How can you help your child successfully make the transition from school to university? Our support and welfare team will advise on supporting students during this challenging time as well as explaining the wide range of welfare services offered by the University to all its students. Questions will be welcome.

**Being the parent or carer of an Oxford applicant**  
*When: 12:00–12:30*  
*Where: Room 6, Ground Floor, Examination Schools*  
As well as answering your questions, we will explain our application timeline, highlighting key dates and focusing on how you may support your child at each stage.

**Talks for teachers**

**Teachers’ Forum**  
*When: 13:30–14:15*  
*Where: Room 6, Ground Floor, Examination Schools*  
A chance for teachers to meet with admissions staff, receive an update on recent changes to the Oxford admissions process and ask questions about how to support students through all aspects of considering, and applying, to Oxford. Teachers are also very welcome to visit the admissions desk in the Information Room at any time during the day.

Information Point

* The Sports Centre is currently closed for building works. Please visit the stand at the Open Day Information Centre for information about University Sport.
This map and key show the locations of individual departments within the Science Area. Those listed are open to visitors during the Open Days.

**GETTING AROUND**

Oxford is a compact city and most colleges and departments are within 15 minutes’ walk of the city centre. Our advice is to wear comfortable shoes and walk between venues if you can. It’s a great way to get a feel for the city and it’s the quickest option. Students usually cycle in the city, but as you’ll probably need to read a map, walking is better for Open Days. There is a city bus service, but lots of traffic. Trust us – walk!
Places to eat and drink

Many colleges offer free lunch or refreshments as part of their Open Day programmes. There are also many good cafés and restaurants all over the city of Oxford. You will be spoilt for choice in Broad Street, the Covered Market (between Market Street and the High Street), Cornmarket, the High Street, Little Clarendon Street and the Oxford Castle area.

Turl Street Kitchen (16–17 Turl Street, OX1 3DH) is in the heart of the city centre just opposite Exeter College. Open early until late serving breakfast from 08:00–10:00, lunch from 12:00–14:30 and dinner from 18:00–22:00: fresh, local, seasonal food with a menu which changes twice daily. The building houses Oxford Hub, the Kitchen’s sister charity, which supports student community volunteering.

The Oxford University Club café (11 Mansfield Road, OX1 3SZ) will be open for snacks and refreshments all day, serving breakfast 07:30–10:30, lunch 12:00–14:00 and dinner from the bar menu 17:30–20:30.

The Biochemistry café (South Parks Road, OX1 3QU) will be open 08:30–16:15 for continental-style breakfast, hot or cold lunches, snacks and drinks. Please note this café can only accept cash.

Café π, Mathematical Institute (Woodstock Road, OX2 6GG) will be open from 08:30–16:15 for breakfast, lunch, snacks and drinks.

The Museum café (Museum of Natural History, Parks Road, OX1 3PW) is situated on the upper gallery overlooking the dinosaurs. There are child-friendly options available and families are always welcome. Open 10:00–16:30.

If we are lucky with the weather and you feel like a picnic, perhaps by the river, then you may like to go to the University Parks or Christ Church Meadow, both of which are central. (See maps on pages 16 and 18).

PLEASE BE AWARE...

During your visit to Oxford you may see organisations handing out leaflets in the street, claiming to offer advice on the application process. Please be warned that these businesses are not affiliated with the University of Oxford, and they may charge for their services. We encourage you to take advantage of the many free opportunities the University is offering to find out more.
**OPEN DAY CHECKLIST**

Make the most of your day by following our advice and ticking off the items on the checklist below:

- Attend a talk about your subject – finding out all about your course is the most important thing you can do today so try to arrive in good time for department events.
- Find out the admissions criteria for your course – what grades are expected, in what subjects, do you need to sit an admissions test, do you need to submit written work or a portfolio?
- Talk to students and tutors – you can usually meet both in subject departments and in colleges.
- Visit some colleges – even visiting one or two will give you a good idea how the college system works, what the accommodation options are and what facilities are available. Missed out on one you want to know more about? See the 360° virtual tours on our website. See [ox.ac.uk/collegechoice](http://ox.ac.uk/collegechoice)
- Pick up information about fees and funding at a college, attend the Student Finance and Careers talk at the Open Day Information Centre, or talk to our fees and funding experts at their exhibition stand in the Open Day Information Centre open from 09:00–17:00.

**If you still have time:**

- Visit a library or museum and get inspired!
- Visit the stands in the Open Day Information Centre and ask those questions you forgot about earlier. (List of exhibitors on page 13)
- Last chance to fit in another college visit.....Lady Margaret Hall, Pembroke, St Catherine’s and St Hugh’s are open until 18:00.
