Using your single sign-on credentials, log in to Student Self Service and select **My Student Record** from the menu at the top to view the programme(s) on which you are required to register.

**Register**

An essential part of being a student at the University of Oxford is the completion of your [annual registration](#).

In order to register for the coming year you are required to verify your personal, contact and academic details. ## 2.7 Step 7: Individual Electoral Registration

Online registration now includes an invitation to apply to join Oxford County Council (OCC) Electoral Register. The Individual Electoral Registration option was introduced in September 2016 following discussion and agreement between OCC and the University of Oxford in July 2015. Specific information is needed by OCC to communicate with residents on registration, for verification of eligibility to vote and for inclusion of records on the electoral register (replaced the Electoral roll). Applications to register to vote would therefore involve you to agree to the supply of this data and provide your National insurance number.

### 2.7.1 Step 7a: Apply to register to vote

Step 7a of 9

#### Apply to register to vote

If you are eligible to vote, you must be on an electoral register.

If you live in Oxford City you may use this section to apply to be put on the electoral register for Oxford.

Alternatively, if you wish to apply directly to Oxford City Council or to apply to the electoral register held by another council you can do this via [www.gov.uk/register-to-vote](http://www.gov.uk/register-to-vote)

You should not complete this section if you are not entitled to vote or if you live in another district e.g. Vale of White Horse, West Oxfordshire, Cherwell or South Oxfordshire.

**Why should I join an electoral register?**

- If you are not registered you will not be able to vote. If you do not register to vote you can be fined £80
- Electoral registers are used for credit reference checks

**I am not British, can I vote?**

- Commonwealth and Republic of Ireland citizens are entitled to vote in all elections
- Citizens of the European Union states are entitled to vote in local elections

**I am registered already at my home address**

You are entitled to be registered at both your home and university addresses. At local elections you can vote at both. In national elections you can vote only once.

For further information on eligibility visit the Electoral Commissions' Students page: [www.aboutmyvote.co.uk/register-to-vote/students](http://www.aboutmyvote.co.uk/register-to-vote/students)

To identify the district you live in visit: [www.oxfordshire.gov.uk/cms/content/district-councils](http://www.oxfordshire.gov.uk/cms/content/district-councils)

Step 7b of 9

### Application to join Oxford City Council Electoral Register

It is not compulsory to complete this section. Press 'Cancel', then 'Decline' if you do not wish to register in Oxford or if you are not entitled to vote or live in another district.

If you complete and approve this section, the details below will be transferred to Oxford City Council. The data will be used to check your eligibility for inclusion on the Electoral register and for contacting you if queries arise. If your application is verified, details will be included on the Electoral register. Once the form is saved and submission confirmed you will not be able to change the information supplied.

The Electoral register is used for election purposes but can be used for some limited purposes specified by law e.g. detecting crime, calling people to jury service and checking credit applications.

By completing this you are opting out of the 'Open Register', however you may change this preference at any stage by contacting Oxford City Council. (The Open Register is an extract of the electoral register, but is not used for elections. It can be bought by any person, company or organisation. For example, it is used by businesses and charities to confirm name and address details. Further information on the difference between the Electoral Register and the Open Register is here: <http://www.legislation.gov.uk/en/uk/2013/3198/schedule/2/chapter/2/made>)

You can update some of these items directly on screen; for others you will need to contact Student Information using the link provided if a change is required. Mandatory fields are marked with an asterisk(\*) and a **yellow background** and cannot be left blank.

This page also allows you to view the authorisation code that you will need to submit a readmission application. A button labelled Change or View will be available for each section and you can select to review and/or update the data. The button label may change depending on your level study and the type of data it refers to. For example:

- If you are an undergraduate student, you cannot amend the overseas study activities information and will be presented with a View option; whereas if you were a postgraduate student you will be presented with a Change option.
- Academic information cannot be updated by you, therefore only a View option displays.

From the main *Check my Details* screen, you can click **View** next to Generate Enrollment Certificate to print your enrollment certificate.

The Careers Planning information page asks you to voluntarily provide information about your career planning stage. The information you provide is intended only to be used by the Careers Service. They may use it to alert you about events, training programmes, internships or other opportunities that may be of interest, based on the answers you give to defined questions (see Section 2.6)

Online registration now includes an invitation to apply to join Oxford County Council (OCC) Electoral Register. The Individual Electoral Registration option was introduced in September 2016 following discussion and agreement between Oxford City Council (OCC) and the University of Oxford in July 2015. Specific information is needed by OCC to communicate with residents on registration, for verification of eligibility to vote and for inclusion of records on the electoral register (replaced the Electoral roll).

Applications to register to vote would therefore involve you to agree to the supply of this data and provide your National insurance number (see Section 2.7).

If you cannot amend but wish to update data, you can request a change using the Contact us options, as described in 2.8.

## 4.5 Self-assessment reporting windows

You can find out the standard reporting schedule here: <https://www.admin.ox.ac.uk/studentsystems/gsr/>

Standard student reporting windows will open in week 7 of each of the three terms. Once a reporting window is open, you can submit your self-assessment report. Once a report is submitted for that term, your supervisor(s) responsible for monitoring academic progress will then be required to submit their own report on your progress in that term. Course Directors/DGSs can view the report and submit their own reports. College advisors can view the report and record how many times they have met with you.

A fourth reporting window, in the Long Vacation (summer) is being introduced for all research courses and will be used by some graduate taught courses (your department will let you know if this affects you).

As part of that report, you can raise any concerns or issues regarding your academic progress for the awareness of your supervisors, Course Director/DGS and college advisors. You can also view your student details as well.

To view your details, click on the **My Supervision Reporting** section on the home screen, then scroll to the bottom of the page and click on the link for **Self-assessment supervision reports**.

Click **Edit** to progress to the **Edit Report** screen

Use the drop-down menus to record the number of meetings against the supervisor and the college advisor. There is a prescribed list to choose from, they are not free text fields.

## 4.8 Flagging concerns

Below the meetings drop-down field is the opportunity to record whether you have any concerns about your academic progress. Supervisors should discuss any concerns about academic progress with the student before flagging a concern in GSR. There are four levels of concern that can be raised by a student, a supervisor and/or a Course Director/DGS. They are:

**No concerns** – The student is performing as they should do and their academic progress is sufficient.

**Minor concerns** – Satisfactory progress is being made, but minor issues have been identified where further action may be required to keep progress on track.

**Major concerns** – One or more factors are significantly affecting progress, and further action is required now to keep progress on track.

**Severe concerns** – Progress is being seriously affected by one or more factors, and a meeting with the Course Director/DGS should be held as soon as possible to discuss further action to get progress back on track.

### Guidance on flagging concerns

Student concerns should relate directly to academic progress. If students are dissatisfied with any other aspects of provision e.g. their supervisory relationship or their working environment, they should raise these with the Course Director/DGS (or equivalent) in the first instance, and pursue them through the department's complaints procedure if necessary.

Course Director/DGSs should review all flagged concerns and take action as appropriate. A severe concern should result in a meeting with the Course Director/DGS without delay. Course Director/DGS should briefly note any action being taken to resolve the matter.

## 4.9 Completing your current self-assessment report

Below the concern level is a free text box, with a 4,000 character limit, where you will write your self-assessment progress report for the current term.

You are encouraged to use this as an opportunity to:

- Review and comment on your academic progress during the reporting period
- Measure your progress against the requirements and agreed timetable for your programme of study
- Identify skills developed and training undertaken or required (graduate taught students only, this is covered by the Training Needs Analysis form for research students)
- List your engagement with the academic community
- Raise any concerns or issues regarding your academic progress to your supervisor
- Outline your plans for the next term (where applicable)

Provide a brief report on progress since your last report	Provide a report on your progress since your last report, limited to 4000 characters.
-----------------------------------------------------------	---------------------------------------------------------------------------------------

Whilst working on your self-assessment reports, you can save periodically by clicking **Save**. When the self-assessment report is ready for submission, click **Save and Submit**.

### 4.10 Update concerns

If a concern has been raised against your academic progress, either by you or your supervisor(s) or Course Director/DGS then that concern can be updated, should the need arise. You can update a concern once you have submitted a report.

To update a concern, click on **self-assessment supervision reports** in the Graduate Supervision Reporting section on the home page.

Scroll to the bottom of the page and find a list of reports (depending on the number of terms you have been at the University). The current term's report will be at the top of the list. Click **View** on this term's report.

Scroll to the bottom of the report and click **Update Concern**.

Scroll to the bottom of that page until you reach the Update Concern Section.

Use the drop-down menu to select one of the two options:

**Cancelled (Flagged in error)** – use this option where a concern has been raised in error. This will remove the concern flag from the report list for that term

**Resolved** – use this option when you, or another contributor, have raised a concern legitimately, and you have taken steps to resolve the concern(s). This will turn the concern flag grey on your report list for that term. The word resolved will appear in brackets. Abi

Once you have chosen the correct option, click **Save**.

**Note** – you can only update a concern once.

#### 4.11 Student Contacts

Your contacts are shown in the Student Contacts section of your self-assessment report, which you can view at any time.

Student Contacts	
Role	Name
Supervisor	Professor Sarah Bashan
Director of Graduate Studies	Miss Lesley Reading
Subject Administrator	Mr Phillip Swansea

Departmental and college staff may update these in the lead up to your reporting period. If, during your reporting window, any of your supervisor contacts need updating, please inform your [graduate studies contact](#). If any of your college advisor contacts need updating, please inform your college's administrative office.

## 5 Examination Entry

The examination entry functionality provides you with the ability to view your compulsory assessments and select any elective assessments required for your year of programme according to the examination regulation for your subject. You will be advised by email when the examination entry window is opening and closing. Administrators from your college will also be notified. If you do not log in to Student Self Service to complete the task, a further two reminder emails will be sent: the first reminder three days prior to the window closing and the second on the date of the window closure.

When the selection has been completed, the examination and assessments entered will be summarised in Student Self Service for you to view.

When advised that the examination entry window is open, you can log in to Student Self Service (as described in section 2) and select **My Exams** to access the Examination Entry option.
