COURSE FEES

The level of course fees you will be charged and the support available is determined by your fee status. This is based upon your nationality and where you usually live.

The table below gives a summary of the eligibility requirements for each fee status:

Where you usually live	Your passport or visa status	Your fee status
UK and Republic of Ireland	UK or Republic of Ireland national and ordinarily resident in the UK or Republic of Ireland for at least three years prior to course start. Residence must not have been for the main purpose of receiving full time education. FINANCIAL DECLARATION

You will be required to complete a financial declaration in order to have your place at Oxford confirmed. Your college will be able to advise you about what information is required.

HOME STUDENTS

If you are a Home fee paying student the course fees for 2026 will be £9,790. Home students studying for their first undergraduate degree can access a tuition fee loan from the UK government for the full amount of their course fees and do not need to pay anything upfront.

See pages 7 and 8 for information about applying for a tuition fee loan to cover your course fees.

ALL OTHER STUDENTS

If you do not have Home fee status you will not be eligible for a tuition fee loan from the UK government. Overseas students will also be charged a different level of course fees.

Fee status	Annual course fees payable by student
Home	£9,790
Overseas	Between £37,380 and £62,820*

MEDICAL STUDENTS

Home students on the six year medicine course have different arrangements for course fees in years five and six, as their fees are covered by the NHS. Visit www.ox.ac.uk/funding for more information.

*Medical students with Overseas fee status should note that the course fees for the clinical years of their course will be considerably higher.

CHANGES TO FEES

The University caps the amount by which it can increase its fees annually.

More information about the amount of the cap and how the increase is calculated is available at www.ox.ac.uk/ffchanges-fees. For Home undergraduate students, course fees are also subject to a governmental fee cap and will not increase above the level of the fee cap, which is subject to annual review.

LIVING COSTS

Living costs will vary significantly dependent on your lifestyle, but in 2026 these are estimated to be between £1,405 and £2,105 per month. This range is based on a single student with no dependants living in college accommodation (including utility bills). Undergraduate courses usually consist of three terms of eight weeks each, but as a guide you may wish to budget over a nine-month period to ensure you also have sufficient funds during the holidays to meet essential costs.

	Monthly living costs		Total living costs for 9 months	
	Lower range	Upper range	Lower range	Upper range
Food	£315	£545	£2,835	£4,905
Accommodation (including utilities)	£825	£990	£7,425	£8,910
Personal items	£160	£310	£1,440	£2,790
Social activities	£50	£130	£450	£1,170
Study costs	£35	£90	£315	£810
Other	£20	£40	£180	£360
Total	£1,405	£2,105	£12,645	£18,945

When planning your finances for any future years of study in Oxford beyond 2026/27, you should allow for an estimated increase in living expenses of 4% or more each year, although this rate may vary depending on the national economic situation.

ADDITIONAL COSTS

You may need to make additional provision for costs such as a student visa, international travel to and from Oxford and fieldwork. If you have dependants you will also need to consider separate costs related to your family. For information on course costs please visit www.ox.ac.uk/courses.

APPLYING FOR SUPPORT

Applications for support from the UK government are processed by regional funding agencies. Anyone supporting your application, such as parents, will also need to set up their own online account to provide information for your assessment.

England: Student Finance England	www.gov.uk/student-finance
Scotland: Student Awards Agency for Scotland	www.saas.gov.uk
Northern Ireland: Student Finance NI	www.studentfinanceni.co.uk
Wales: Student Finance Wales	www.studentfinancewales.co.uk
Republic of Ireland: Student Finance Services Non UK Team	www.gov.uk/apply-for-student-finance

How do I ensure that my household income is assessed?

If you want to be financially assessed, you and any adults you live with will need to complete a financial assessment as part of the application. During this process your household income is calculated. Although much of the process is automated you may need to provide additional information to support your assessment.

How is my household income calculated?

The financial assessment will look at your household income for the last full tax year. For students starting their studies in 2026, this means that information from the 2024/25 tax year will be used. If this does not reflect your current financial situation, you might be able to undergo a current year assessment. You must first apply in the normal way based on the 2024/25 tax year. Please note that your household income must have dropped by at least 15% (5% in Northern Ireland) since the 2024/25 tax year.

What happens once my assessment is complete?

Once your assessment has been completed, your regional funding agency will notify you of the support you will receive.

How do I apply for an Oxford Bursary or Crankstart Scholarship?

There is no separate application process for an Oxford Bursary or Crankstart Scholarship as this is based on the household income assessment carried out by your regional funding agency.

When will I find out if I have been awarded an Oxford Bursary or Crankstart Scholarship?

Students who are eligible will be notified from mid September 2026.

After the start of term, students will then also be notified if they may be eligible to apply for any additional Oxford funding.

KEY POINTS TO REMEMBER

- If you want to receive support from the UK government you have to apply for it.
- Apply online as soon as possible to ensure that the funding is in place for the start of your course.
- If you only want to apply for the minimum level of support (tuition fee loan and basic maintenance loan), you don't need to be means tested and won't need to provide your household income.
- If you want to be assessed for the maximum level of support available to you, you must be means tested and provide your household income. This will also allow you to be assessed for bursaries provided by Oxford.
- If you don't apply to be means tested by your regional funding agency, you will be automatically ineligible for bursaries from Oxford.
- Answer queries from your regional funding agency promptly if they require additional information regarding your application.
- Keep a record of your application and any correspondence with your regional funding agency. This will be invaluable if you have any difficulties with your application.
- Make sure that your contact details are kept up to date. All correspondence will be sent to the address you register with your regional funding agency including your bursary notifications.
