## **Total 26 questions [100 Marks]**

Answers should be written on the question sheet in the spaces provided and you are encouraged to show your working. You should attempt as many questions as you can. Please write your candidate number on <u>every page</u> you use.

Please only use a black pen, pencils are not allowed.

Answers should be given exactly and in simplest terms unless indicated otherwise. Indicate multiple-choice answers by circling the best answer. Partial credit is available for correct workings in multiple choice questions.

The numbers in the margin indicate the marks expected to be assigned to each question. You are advised to divide your time according to the marks available.

Candidates must NOT bring their own calculators, of any description, into the exam.

A scientific calculator is available for you to use on the test platform, by clicking this icon in the top-right corner of the screen:

No tables or formula sheets may be used.
