## University Composition Fees 2005-06

### Undergraduate programmes

The fee rates quoted in the table below are University composition fees only. Separate **College fees** are payable by all students *except* Home/EU students taking their first publicly-funded course of Higher Education and eligible in principle to apply for public support for tuition.

The definitions used by the University in the **classification of students for fee purposes** as 'Home/EU', 'Islands' (Channel Islands and Isle of Man) or 'Overseas' are given in the Undergraduate Prospectus and the University's Examination Regulations. This classification depends on certain residence conditions, and students in doubt about their classification should contact their College Office or the University Fees Clerk (telephone: 01865 270203).

The University is in the process of phasing in a change in overseas fee categories for certain programmes of study. The fee category and associated fee rate applicable to each overseas student is dependant on the date on which the student commenced their current programme of undergraduate study at Oxford.

Students working for a degree requiring study abroad for a whole academic year, where the period of residence in Oxford during the year abroad is ten weeks or less, pay a reduced fee of **£570 for the year abroad**. This fee is payable whether the student is working or studying abroad.
